CONTENTS.

1. *Introduccion*

2. *Orthoggraphy ascertained in dhe vowels, and dheir serviles*
 3. *Vocal substitucion, licenced and licencious*
 4. *Ov open and shut vowels*
 5. *Ov dhe aspirates and dheir insertives*
 6. *Ov redundant serviles*
 7. *Ov impracticabel articulacion*
 8. *Ov false aspiracion*
 9. *Dhe guttural aspirate lost, or transmuted by moddern organs*
 10. *Old R aspirate*
 11. *Oddher antiquated idellers*
 12. *Final fantoms, or dubblers ov final forms*
 13. *Oddher falsifiers, medial or final; licquids or sibbilants; particcularly Tl for a sibbilacion*
 14. *Dhe orthoggraphy ov propper names*
 15. *Dhe fundamental principel ov orthoggraphy*
 16. *The orthographic riddle*
-

A MINNIATURE OV *ENGLISH ORTHOGGRAPHY.*

1. INTRODUCTION.

Hwen evvery oddher language, and at last our own, haz been reduced to' science; rendered accountabel to' natives, and accessibel to' straingers; hwence iz it, dhat our practice, growing daily more a contrast dhan an exemplificacion ov our theory, tempts ignorance to' speak, az blind habbit spels; raddher dhan to' dream ov spelling, az propriety exhibbts her unremitted harmony, hweddher in word or writing? For propriety, hwarevver herd, can be seen onely in her picture: nor can dhis be duly drawn, but from dhe oridginal; or dhe likenes long prezerved, in dhe coppies ov vulgarrity.

Scarce creddebil doz it seem, to' dhe anallogists ov oddher diccions, dhat hiddherto', in English exhibiscion, evvery vowel and evvery consonant ar almoast az often falsifiers az images ov dhe truith. Hetteroggraphy indeed, or false literary picture, can arize onely from won, or a combinacion, ov foar cauzes: redundance, defiscience; mischoice, or misarraingement.

2. ORTHOGGRAPHY ASCERTAINED IN DHE VOWELS, AND DHEIR SERVILES.

It iz not now new, dhat evvery English vowel haz, not onely a longuer and shorter, but even a different sound, az open or shut by a consonant; dho *A braud*, open and shut, differ but in quantity. Nor iz it yet a secret, dhat certain mutes, or silent letters, (espescially vocal quiescents,) ar named

serviles; rendering essential as vizzibel service, both to' vowels and consonants. Hware such gards are wanted, they doubtless will attend; and, when they prove superfluous, as readily withdraw. Thus the open vowel over the simple shuts, and the serviles vanish, in the penultimate over the compound: *shake, Shakspear; cheer, cherfool; vine, vinyard*, and the like. So formatives: *stare* and *stair, starling; steer, sterling; shere, sherref; child, children; kind, kindred; know, knollege*; and the rest.

Every open ear must allow the aspiration (*h*) to' articulate iniscially the braud vocal liquid (*w*); nor longer imagine that *wh*, apparent, can become *hw* real; or that *what, whale, wheels*, can rationally paint the power over *hwat, hwale, hweels*. The braud liquid (*w*) has no place in *hoal*, total; or in *hore*, prostitute; distinct alike, to' the eye, from *hole* and *hoar*. But *wh*, iniscial, may well promise *hw*; if *le* and *re*, both final, may picture *el* and *er*: as we admire, not only on the *little theatre*, but in the centre over the *battle*! Dho a tutch over Rezon's wand will restore the buty over truth; at once to' the *littel theater*, and to' the *center* over the *battel*; as such buty beamed in the former century.

The French *table, chambre, ancien, danger*, are the unexceptionable parents over the English *tabel, chaimber, aincient, dainger*; hoo are too apt scollars, not to' learn from parental example, to' show themselves what they are; without wondering, that won't tongue is not an odder, or that each must have her own essence and semblance; and that in ours, as in odder picturage, *an open vowel must not appear a shut won*. Indispensable then as the servile (*i*) in the three last examples, is it in *aingel*, dho inadmissible in *angellic*; in every *ainge* and *ainger*, like *rainge* and *rainger*; as well as in *caimbric* and *Caimbridge*; dho neither in *Cam* nor *Cambray*.

If a slender, open, must have in such case its guardian; a slender, even shut, when protracted, requires its protracting aspiration (*h*): as in *ah! Mahlah*; so in *Pahtric, fahdher, pappah, mammah*, and *ahnt*; so distinct (dho safe enough unguarded) from *ant* the emmet. But *gahp*, herd, is thus no longer seen *gape*. *Hant, hanch*, and their fellows, admit not the braudener; which is indispensable to' *wrauth, wauter, and vauz*; nor need the protracting aspirer, more than doo *chant* and *branch*.

O must hav its own medial servant, to' ascertain its opennes; in *poark*, *poart*, *spoart*, *foart*, *foard*, *goard*, *soard*, (wonce sword), *foarth*, *foarce*, *foarge*; *boast*, *coast*, *goast*, *moast*, *poast*, and *boath*; justly az in dhe annimal *boar*, in *board*, *boast*, and dheir fellows; dho slow gender *slowth*, reggularly, az *grow*, *growth*. With *poart* and *poast*, *poartal*, *poarter*; *poastage*, and dhe like.

Better no attendant, dhan a false won. O direct (dhe common o) can nedher assume o, dhe servile ov o depressive (oo); nor u, hwich wood seem its partner in a dipthong. *Doar*, *floar*, and *moar*, ar dhus reggular and safe; *dore*, *flore*, and *more*, with equivvalent servile, leve *more* coincident; yet compounds prefer dhe final servile: az *batteldore*,^[1] *Blacmore*, *Hwitmore*; and *Strathmore*, scottishly strong on dhe latter syllabel.

Soll, spirrit, avoids ocular union with *sole*, alike, and *soal*: by adopting dhe servile ov *poll*, *boll*, *toll*, *roll* (with *controll*), *scroll*, and *droll*. Like dipthongal dainger precludes u from dhe servile funcction, duly undertaken by a in *soar*, *moarn*, *boarn*, distinct from *boren* or *bor'n*, dhe compannion ov *woren* or *wor'n*, *sworen* or *swor'n*, *toren* or *tor'n*, *shoren* or *shor'n*, and clear, az open and shut, ov *born*; in *coart*, *goard*, *coarse*, and *soarce*. *Coarce*, dhe ded *boddy*, dies no more in *corpse*; hwen dhus *boren* decently to' interment. Dhis precaution suffers o open, to' understand or omit, dhe servile before l and anny oddher consonant: az in *old colt*, wonce seen and herd *ould coult*. If *old colt* now suffice, *oald coalt* iz understood. For dhis rezon, *goald* must no longuer be robbed ov its depressive servile, wonce legally seen in *gould*. Au, with les plea, suppresses its servile in like sittuacion; az *salt* and *alder*; except in dhe singuel *assault*! *saut* and *vaut* being, now, duly out ov dhe question.

If *ou* cannot now paint o direct, much les can it picture o depressive (oo); in *you*, *youth*, *uncouth*; *should*, *would*, or *could*: for *yoo*, *yooth*, *uncooth*; *shood*, *wood*, or *cood*. Hwen *ou* English transferred its equivalence from dhe French *ou* to' dhe German *au*, hwich compounds a braud, with o depressive (*au* with oo); az itself cood no more be frenchly interchaingeabel with oo; nedher ov its parts waz more likely to' becom so. *Do* or *who* can no more dhan *doe* or *hoe*, (boath better employed!) or dhan *shoe*, *canoe*, *lose*, *move*, *prove*, *behove*; *Rome*, *Coke*, *Pole*, or simmilar; prezent dhe prezzent *doo*, *hoo*, *shoo*, *canoo*, *looz*, *moov*, *proov*, *behoov*,

Room, Cook, Pool, or dhe like: for truith fears notthing from coincidence ov sound, and falsehood always leads astray. *B* may distinctively open dhe vowel, in *climb* and *comb*; but cannot render it also depressive in *comb*, *tomb*, *bomb*, and *womb*; for *coomb*, *toomb*, *boomb*, and *woomb*. Hwatevver *u* may hav been in Lattin vocallity, dhat figgure cannot guiv oo, even open, in English; far les oo shut, in *pull*, *bull*, *full*; *butcher*, *put*, *pudding*, *puss*, *push*, *bush*; *bushel*, *cushion*; for *pool*, *bool*, *fool*, *bootcher*, *poot*, *pooddling*, *poose*, *poosh*, *boosh*, *booshel*, and *coossion*: in all ov hwich, dhe oo iz doutles short az shut; and distinct az *foolling* and *fooling*. If *u* cannot prommise oo shut, no more can oo proxy *u* shut, in dhe singuel *foot* for *fut*. No servile can attend a shut vowel; and *truith* must hav her own, like *suit* and *fruit*: in dhe French *bruit* it iz also distinctive. Alreddy hav we seen *o* direct disguised, no les dhan *o* depressive; and can we longuer bair dhe Gallic *beau*, for dhe Brittish *boe*; more dhan dhe dubble falsifier *beauty*, for dhe English *buty*, dhe sweet compannion ov *duty*?

Sew, *shew*, and *strew*, wer dhe preddecessors, so cannot be dhe identities, ov *soe*, *show*, and *strow*: dhe first dhus occularly clear ov *sow*, so different verb and noun! dhe latter, distinct to' dhe ear by dhe diphthong, hwich also distinguishes *slough*, no more swallowing *sluf*: *toe* and *tow* (no more jostling widh *tough*, now *tuf*), *doe* and *dough*, *floe* and *flow*, being respective coincidents; clear indeed to' dhe eye, boath ov boddie and mind. Ow final iz diphthongal in *how*, *now*! *bow* bend; *cow*, noun or verb; *sow*, the noun; in *vow*, verb or noun; and in *allow*, *endow*. Dhe diphthong distinguishes also *slough*, *plough*, and *bough* branch. *O* remains merely simpel in *dough*, az if *dow*. *Bo!* or *boh!* interjeccion, coincides widh *boe* and *bow*, boath nouns: dhe latter leving dhe diphthong to' dhe verb, or its accion, hwence dhe ball derives it in *bowl*; dhe open vowel distinguishing dhe *bowl* or bason, coincident widh *boll* and *bole*.

3. VOCAL SUBSTITUCION.

Dho won semblance may exhibit, not onely two' senses, but two' sounds; won symbol must not pretend to' paint anodder, unles by distinctive substitution. *E* proovs dhus dhe lawfool substitute ov *a*, in *heigh-ho!*

moddernized *hey-ho!* in *heighday*, now *hey-day!* *weigh*, *wey*, *hwey*, *prey*, *bey*, *dey*; *dhey*, *dheir*, *eir*, *eight*, and *freight*; with *obey*, *inveigh*, *convey*, *survey*, and *purvey*; az wel az hwen febel, in *parley*, *barley*, *Harley*, *Chudleigh*, and dheir fellows.

But *e* cannot be *a*, with dhe servile dhat distinguishes *e*: *tear* cannot be clas-mate, at wonce to' *fear* and *fair*. If dherfor *e* cannot be *a*, with *a* servile; and *a* need no substitute in dhe verbs *tair*, *wair*, *swair*, and *bair*; *peir*, dhe fruit, and *beir*, dhe beast, claim dhe substitute vowel, with due servile; *pair*, *pare*, *bair* and *bare*, being engaged. For like rezon, *braik* and *grait* admit no vocal substitute. *Where* and *there* no more puzzel dhan bely, in dheir own shape, ov *hware* and *dhare*.

E fairly substituting dhe forrain *i*, in *pier*, *bier*, *mien*, *lief*, with *belief*, *believ*; *relief*, *reliev*; and dhe rest; so distinct from *peer*, *beer*; *mean*, *leaf*; or so connected by alliance, forrain or domestic; dhe substitucion simmilarly prevails in *shriek*, *fiend*, *fief*, *brief*, *chief*, *atchiev*; *thief*, *thiev*; *repriev*, *retriev*; *pierce*, *fierce*, and *tierce*: etymollogy howevver, scorning alike substitucion and superfluity, in *receiv*, *receit*, and dheir collaterals.

Forrain semblance belied dhe adoptives, *oblige*, *marine*, *machine*, *magazine*, *fatigue*, *intrigue*, *antique*, and *shire*; til Londoners began to' treat dhem az natives ov England; not dreaming dhat dheir essence cood not here be prezerved, but in dhe guize ov *oblege*, *marene*, *mashene*, *maggazene*, *fategue*, *intregue*, *anteke* (or *anteek*, *mareen*, and dhe rest,) joined by *legue*, *twegue*, and *shere*: hwich last, dho dhus sevvered from *sheer* and *shear*, boath coincident in sound, waz beguinning, in dhe false shape ov *shire*, (like *oblege*, in dhat ov *oblige*,) to' violate Inglish harmony in evvery British nacion. Dhe same propriety, dhat dhus gards dhe Inglish vowel (*e*), prezervs, no les *piously*, dhe parental equivalent (*i*), in *obligacion*, *marriner*, *mackinate*, *mackinacion*, *indefattigabel*, *anticquity*, az wel az *antiquary*; and evvery forrain buty, consistent with domestic truth.

If dhe prezzent century hav made manny improovments, in orthoggraphy and elsehware; it haz certainly made manny alteracions, dhat wer dhe verry reverse ov improovment. Som eying truth, onely in her parents, wood *allege* dhat *virtue* alone cood *persuade*; havving lernedly perfwaded dhemselves, dhat *vertue* might hav *sweetnes*, widhout partaking *suavity*, by

hwich dhey pictured swavvity. It seems howevver high time dhat a certain kingdom, at length panting after evvery propriety, shoold know and confes, dhat her name iz no more *England*, dhan *Engelonde* or *Angland*; or dhan her sovverain iz *king ov France*!

Since won symbol must no more usurp dhe office ov anoddher, o wil no longuer pretend to' paint *A braud* open (*au*); in *ought*, *nought*, *brought*, *thought*, *sought*, *fought*, *bought*; for *ought* (now indeed *aut*), and dhe rest: nor wil *groat* and *broad* expect anny more, to' be acknolleged *graut* and *braud*.

Nedher *tongue* nor *tong* (alreddy won ov a pair) can picture *tung*; dho *u* stil employ dhe distinctive substitucion ov *o* in *son*, male issue; nor les properly dhe etymolodgic in *yong*, *mong*, *mongrel*, *monk*, (widh *monkey*), and *Monday*; in *monney*, *bonney*, *conney*, *condit*, *constabel*; az in *yolk*, so in *covver*, *hovver*, *plover*; in *lover* and *glover*, from *lov* and *glov*. *Cullor* (nevver *colour*) avoids coincidence equally widh *collar* and *coller*; dhe latter greeklly, not frenchly, affected *choler*.

But surely a vocal groop cannot shrink into' an English shut vowel: nor cood dhe following French, or almoast French, be suppozed English words: *souple*, *couple*; *double*, *trouble*; *nourish*, *flourish*; *courage*, *courteous*, *country*, *cousin*; *journey*, *journal*; *sojourn*, *adjourn*, and *touch*; more dhan such oddities claim continuance, az *young*, *rough*, or *tough*: for *suppel* (alreddy almoast English in *supple*), *cuppel*; *dubbel*, *trubbel*; *nurrish*, *flurrish*; *currage*, *curteous*; *contry* (etymolodgical substitute ov *cuntry*; like *yong*, ov *yung*;) *cozzen* az *dozzen*, no more *dozen*! *jurney*, *jurnal*; *sodjurn*, *adjurn*, widh *tutch*; *tuf* and *ruf*: not to' reprezent dhe so duly exploded, az *authour*, *succour*, *superiour* for *author*, *succor*, *superior*; hweddher agent, accion, or adjective.

4. OV OPEN AND SHUT VOWELS.

Az vocallity must often depend on articulacion; consonants, like vowels, must nedher be too manny, too few, nor oddher dhan dhemselves. If sounds open must not seem shut, sounds shut must not appear open. No servile can

attend a shut vowel; hwich, on dhe contrary, must show dhe consonant dhat shuts it. Hwen a consonant concludes dhe syllabel, after an open vowel; a servile must gard dhe vowel from dhe consonant, hwich else wood shut it. A shut vowel dhen must show dhe shutter, or be left apparently open.

Dhe first vowel (*a*), slender or braud, may doutles be more or les so, by dhe prezzence or absence ov dhe stres, or vocal exercion. A slender, self or substitute, iz open az garded, in *fain*, *fein*, and *fane*; *wail*, and *wale*; open az unshut, in *paper*, *favor*, *braver*, *bravest*, *braving*, *braved*: so in *fainer*, *feiner*; az wel az *faining*, *feined*; *wailing*, *wailed*; *waling*, *waled*; articculated *pa-per*, *fa-vor*, *bra-ver*, *bra-vest*; *fai-ner*, *fei-ner*, and so on: for a singuel consonant, naturally (dhence nescessarily) articulates dhe following, not dhe preceding vowel. A, slender, iz shut in *fan*, *fanning*; and the like. A braud (*au*) haz its own distinctive servile in *faun* and *fawn*, in *all* and *awl*, *ball* and *bawl*. Dho *l* remain dhe servile in *balling*, az wel az dhe *w* in *bawling*; it iz no servile, but dhe effective shutter, in *ballot*, *bal-lot*, or dhe like.

A braud, shut, plays its own part, hwen articculated by *w* or *qu* (virtually *cw*,) in dhe propper *Waller*, az in *wallet* or *quallity*; in *war*, *quarrel*; *wart*, *quart*; *wan*, *want*, *quantity*, and such. A braud, shut, not so articculated, substitutes o shut: dhus dhe *o* ov *cord* iz perfetly coincident, or unison, widh dhe *a* in *ward*. Hware *a* performs its own braud-shut part, *o* becoms dhe substitute ov *u* shut, az in *won word*; *quoth* and *quod*.

E iz dhus open in *mean* and *mien*, *tiend* and *fiend*, *siev* and *seiz*; widh *grief*, *griev*; *relief*, *reliev*; *receiv*, *receit*, and dheir fellows. Open iz *e* likewise in *meat*, *meet*, and *mete*; (three coincident!) *meeting*, *meting*, and *meter*; shut in *men*, *pen*, *fen*; *met*, *set*; *penny*, *fennel*; *penning*, *setting*: and so foarth.

I iz open in *fine*, *finer*, *finish*; *dine*, *dining*, and *diner*; *rime*, *riming*, and *rimer*; *fi-ner*, *fi-nish*, and so on: shut in *fin*, *finnish*; *din*, *dinner*; *brim*, *brimmer*; *fin-nish*, and simmilar.

O iz open in *Po*, *pole*, *polar*, and *polish*; *mode*, *modish*; *soal*, *sole*, and *soll*; shut in *sollace*, *pollish*, and *moddest*; *po-lish*, *pol-lish*, and dhe like.

U iz open in *unit*, *unite*; *tune*, *tunic*, *punic*, *studious*; shut in *studdy*, *unabated*: *u-nit*, *stu-dent*, *stud-dy*, *un-a-ba-ted*; such compounds being

licenced to' take in dhe singuel consonant ov dhe prepoziscion.

So hear we, and so see we,

a, e, i, o, u, open; *ar, er, il, on, us*, shut; *may, me, my, mow*^[2], *mew*; *mas, mes, mis, mos, must*. So *Mary, marry*; *even, sevven*; *ivy, Livvy*; *odor, odder*; *student, studdy*.

If dhen open vowels must appear open, shut vowels must appear shut. Forrain, even parental, diccions cannot rule dhe picture ov dhe native: for picture can hav but won oridginal. With parrity ov rezon may (and must often) dhe parental vowel be open, and dhe descendant shut. To' edher iz *Popes* laconnic line applicabel:

Dhis dhey, dhat know me, know; dhat lov me, tel.

To' keep English, dhus like French and Lattin, or spelling dhe contrast ov speech; our litterature haz hiddherto' no likenes ov our language; and haz continued inaccessible to' evvery native, az much az to' evvery strainger. For, hwile we lernedly lov to' see

Aloe, melon, lily, solemn,
carol, very, spirit, coral, borough,
manor, tenant, minute, honor, punish,
clamor, blemish, limit, comet, pumice,
chapel, leper, triple, copy,
habit, rebel, tribute, probate,
heifer, profit,
cavil, revel, drivel, novel, hovel,
city, pity, british, critic,
madam, credit, idiom, body, study,
tacit, licit,
hazard, ezad, lizard, closet, bosom,
vicar,
liquor,
liquid,
rigor,
rigid:

We shrewdly hope to' hear,

Alloe, mellon, lilly, sollemn,
carrol, verry, spirrit, corral, burrow,
mannor, tennant, minnute, onnor, punnish,
clammor, blemmish, limmit, commet, pummice,
chappel, lepper, trippel, coppy,
habbit, rebbel, tribbute, probbate,
heffer, proffit,
cavvil, revvel, drivvel, novvel, hovvel,
citty, pitty, brittish, crittic,
maddam, creddit, iddiom, boddy, studdy,
tascit, liscit,
hazzard, ezzad, lizzard, clozzet, buzzom,
viccar,
liccor,
licquid,
riggor,
ridgid.

Hwile dhus nothting but s can dubbel soft c, or sibbilantly shut dhe preceding vowel; and render *precious*, or *vicious*, hwat dhey ar; but *prescious*, or *viscious*; dhe sibbilants direct simpel figgure may not onely becom, in dhe ostensibel *physic*, *visit*, and *vision*, a dubbel depressive; in dhe real *phyzzic*, *vizzit*, and *vizzion*; but work equal wonders, in *polysyllables* ov anny extension; pretending, in dhe verry name, to' paint *pollysyllabels*. And dhus dhe trokees grow innumerabel, dhat shut and sharpen, shortening dhe former vowel; hwich dhey hav hiddherto' pretended to' exhibbit slowly and smoodhly open: so leving singuel dhe intermediate articulacion, hwich must be audibly dubbel, (must shut az wel az articculate,) and continnue dhe equal impossibillity, ov reading and writing our language.

For, *hwen* our *diccion* attains, like *oddhers*, *dhe* happy *habbit* ov appearing hwat it iz; alternate strength and febelnes must prezent *mallice* and *maliscious*, *sollemn* and *solemnity*, *morral* and *morallity*, *mannor* and *manorial*, *limmit* and *limmitacion*, *habbit* and *habittual*, *spirrit*, *spirritual*,

and *spirrituallity*. So evvery consequential, hweddher ov trocaic or dactyllian stres: *ororigin*, *oridginal*, *oridginality*, or *originallity*, *reallity*, *quallity*, *equallity*, *verrity*, *verrily*, *ennemy*, *ammity*, *appathy*, *probbity*; so, with *propphet*, *propphesy*, and *propphecy*; but, by penultimate or antepenultimate ennergy, (dhe stres on last but won, or last but two'), *prophettic*, or *prophettical*: with *philossophy*, *philossopher*, and *philosopphic*; with *avvarice*, *avvariscious*; *lodgic*, *logiscian*; *phyzzic*, *phyziscian*; *image*, *imadgine*; *madjesty*, *majestic*. Az *alliment*, *saccrament*; az *orrifice*, *saccrifice*, and *orrator*, widhout violacion ov aught *sacred*, or chainge ov *oracion*.

5. OV DHE ASPIRATES, AND DHEIR INSERTIVES.

Oracion indeed iz dhus kept *sacred* az *orrator*: for *t* cood nevver sibbilate (or play *s*) in *orthoggraphy*, aincient or moddern; nor a dubbel articulacion pretend to' look singuel, more dhan a singuel a dubbel won. Dhe dactyl *orthodox* admits littel chainge in dhe dubbel trokee *orthodoxy*; like *mellancolly*, vulgarly *melancholy*: but *orthoggraphy* and *orthograpphical* ar, with equal harmony, subject to' antepenultimate power. Like Propriety dherfor inserts dhe shutter we hear, in dhe duplication, az ov evvery simpel, so ov evvery aspirate, duly dubbled by dhe simpel insertive. Dhus *p* dubbels *ph*, and even *f*, *f*; in *propphet*, and *proffit*. But, az *ph* became *f*; so *bh*, universally *v*, nescessarily dubbelled in *provverb*. Az *s* or *z* dubbels dhe soft sibbilant aspirate, (*sh* or *zh*) in *prescious*, *decizzion*, *t* or *d*, respectively, dubbled dhat dhey rendered equal to' *tsh* or *dzh*: az *tutching* dhe *madjesty* ov *relidgion*.

But dhe English tung, (raddher teeth,) enjoying dhe *dental aspirate*, direct and depressive (*th* and *dh*), beyond perhaps anny oddher language, aincient or moddern; can no longer be denied dhe appearance, hware it so peculiarly pozesses dhe reallity, ov dubbling az wel az depressing its power. No more dhen can be confounded dhe aspirates ov *oath*, *oadhs*; ov *bath*, *badhs*, and *badhe*; ov *Otho* and *oddher*, *Clotho* and *clodhier*, *dhis thing* and *dhat thing*; *dheze things* and *dhoze things*: misaspiracion wil no more embarras, dhan misarraingement, *Dhe Theater*.

6. OV REDUNDANT SERVILES.

If *defiscience* ov symbols hav been so ezily and so amply exampelled; a ballance may be proffered in *redundance*; ov consonants, no les dhan ov serviles. Hwen evvery mute minnister waz supplied to' vocallity; dhe hardening gard ov *g*, at least, shood not hav been forgotten. If *i* waz indispensabel in *aingel* and *dainger*, *u* iz az requizite in *anguel* and *anguer*, az in *guerdon*. *Guet* and *guiv* demand dhe (*u*) hardener, az boldly az *gues* and *guilt*. So redundance alreddy recalls, in order to' explode, *guess* and *give*! With dhis not onely *seeing* (for *seing*) and dhe like; but dhe falsifying final ov *are*, *were*; *awe*, *owe*; *some*, *come*; *above*, *dove*, *love*, *glove*; *throve*, *drove*, *shrove*, *shove*, *hove*; for *ar*, *wer*; *aw*, *ow*; *som*, *com*; *abov*, *dov*, *lov*, *glov*; *throv*, *drov*, *shrov*, *shov*, *hov*: hwere *o* for *u* guivs to' the ear, *sum* distinctive, with *cum*, *abuv*, and dhe rest.

Superfluous, dhence obstructive, (distractive indeed!) dhe *i* ov *either*, *neither*; *heifer* and *friend*; dhe *o* ov *people* and *yeoman*; *leopard* and *jeopard*; dhe *u* ov *eulogy*, az ov *eulogium*; ov *conduit*, virtually *cundit*: *a*, obviously useles, after an oddherwize open vowel, in *season*, *reason*, *treason*, *treacle*, *creature*; in *eave*, *heave*, *weave*, *leave*, *cleave*, *reave*, *greave*; *cease*, *lease*, *crease*, *grease*; *teaze*, *ease*, *please*; like dhe *e* final to' *sieve*, *grieve*, *relieve*, *receive*; dhe second *e* in *sleeve*, *geese*, *fleece*, *freeze*, *breeze*, *squeeze*, *cheese*: for *edher*, *nedher*; *heffer*, *frend*; *pepel* and *yeman*, *leppard*, and *jeppard*; *ellogy*, az *elogium*; with *condit*: so *sezon*, *rezon*, *trezon*, *trekel*, *creture*; *eve*, *heve*, *weve*, *leve*, *cleve*, *reve*, *greve*; *cese*, *lese*, *crese*, *grese*; *teze*, *eze*, *pleze*: *siev*, *griev*, *reliev*, *receiv*; *sleve*, *guese*, *flece*, *freze*, *breze*, *squeeze*, *cheze*. But, like dhe *i* ov *heifer* and *friend*, dhe *o* ov *leopard* and *jeopard*; dhe *u* ov *eulogy*; iz dhe *a* ov *leap-year* and ov *neap-tide*; for *lep-year* and *nep-tide*; nay, shamefoolly, like dhe superfluity in all dheze, haz dhe *a* hiddherto' remained in *health*, *wealth*, and *stealth*; becauz it stil iz nescessary in *heal*, *weal*, and *steal*! and doutles, for som simmilarly cogent *rezon*, doz kind *a* continnue to' gard dhe same *shut vowel*! in *realm*, *earl*, *pearl*; *earn*, *learn*; *early*, *earnest*; *earth*, *dearth*, *hearth*, *heard*, *hearse*, *rehearse*, *searce*, *search*, *threat*, *deaf*, *dead*, *head*, *bread*, *tread*, *dread*, *thread*, *stead*, *lead*, *read*; *ready*, *steady*, *heady*, *meadow*; *zealous*, *jealous*,

weapon, leaven, heaven, endeavour; pleasure, measure, treasure, leasure or leisure! for helth, welth, stelth; relm, erl, perl; ern, lern; erly, earnest; erth, derth, herth, herd, herse, rehearse, serce, serch; thret, def, ded, hed, bred, tred, dred, thred, sted, led, red; reddy, stedly, heddy, meddow; zellous, jellous; weppon, levven, hevven, endevvor, plezzure, mezzure, trezzure, lezzure.

How (alas!) wil BRITISH LIBBERTY moarn her novvel chains, hwen she must not onely speak az she thinks, but write as she speaks; hwen *rove*, *lov*, and *moov*, can chime no more togueddher; hwen *lead* and *led*, *read* and *red*, *live* and *liv*, *tear* and *tair*, ar found oppozite, az *East* and *West*; nay, az open and shut vowels!

7. OV IMPRACTICABEL ARTICULACION.

No les embarrassing iz dhe redundance ov impracticabel articulacion, iniscial, medial, or final, (in dhe beguinning, middel, or end, ov words:) dhe first indeed chiefly in forrain names, titels, or terms, hware a consonant, uncombinabel (mediately or immediately) with a vowel, remains a ded relic: az dhe *c* ov *czar* (dho contracted from *Cezar*), dhe *p* ov *Ptollemy* (mere *Tollemy*), or *ptisic* (for *tizzic*), dhe *b* ov *bdellium*, herd onely *dellium*; and even dhe *p* ov *psalm*, herd but *sahm*, dho dhe *l* be stil audibel in *psalmist* and *psalmody*, all effective beside dhe labial (*p*).

8. OV FALSE ASPIRACION.

But no exampel can warrant dhe aspiring ideller, dhat pretends to' lead *heir*, *heritage*, *heritable*, *heritor*; *herb*, *herbage*, *herbalist*; *honour*, *honorary*, *honourable*; and even dhe *humble humour* ov dhe *passing hour*; insted ov *eir*, *erritage*, *erritabel*, *erritor*; *erb*, *erbage*, *erbalist*; *onnor*, *onnorary*, *onnorabel*; with dhe *umbel umor* ov dhe prezzent *our*; hwich doutles can alone be called *our our*. Yet aspiracion cannot be denied to' *inherrit*, *inherritance*, *inherritor*, *hereditary*.

9. DHE GUTTURAL ASPIRATE LOST, OR TRANSMUTED BY MODERN ORGANS.

Dhe consonants dhat subjoin aspiracion (*h*), ar dhe labial, dental, lingual, and guttural; or dhe articculants from dhe lips, teeth, tung, and throat: *p*, *t*, *s*, and *k*; by dhe Lattins turned into *c*: az in *Philadelphus* and *Philadelphia*, *Thales* and *Thalia*, *Sharon* and *Sheba*, *Charon* and *Chilo*, hoom dhe Inglish, havving smoodhed away dhe aspiracion, ar fain to' call *Caron* and *Kilo*.

Aincient organs, howevver, dubbelled occasionally dhe guttural, az wel az dhe labial aspirate; dooing equal justice to' *Bacchus* and to' *Sappho*: moddern also, (peculiarly the Inglish,) dhe oddher two'; dhe simpel always sufficing to' dubbel dhe aspirate. New dialects softening, lost dhe guttural aspirate; til dhe Spannish probbably recovvered it from dhe Morish. The Itallian and Spannish, and from dhem dhe Inglish, endeavored to' make up dhe los, by prefixing dhe simpel dental to' dhe lingual or sibbilant aspirate, hwich dhe Gallic ear preferred widhout dhe dental; preferring dherfor dhe vertual *sh* and *zh* to' *tsh* and *dzh*. Inglish organs loozing, like French, dhe guttural aspirate, edher dropt dhe aspiracion, az in *carracter* and *kemmist* or *kymmist*; from *character* and *chemist* or *chymist*; or turned dhe hoal ruf guttural into' dhe smoodh labial aspirate. So softening *cough*, *hough*, *trough*, *through*, *though*; *rough*, *tough*, *slough*, *chough*, widh dhe proppers *Hough*, *Brough*, and *Loughborough*; into' *cof*, *hof*, *trof*; *throo* or *thro'*, and *dho*: *ruf*, *tuf*, *sluf*, *chuf*; *Huf*, *Bruf*, and *Lufburrough* or *Lufburrow*. But *Gough* perhaps Orrigin recalled into' *Goffe* or *Gof*; hwile *Lough* became Inglishly *Luf*, and dhe guttural graddually melted in *burrow*, ov hwatevver kind.

Aincient ellocucion depressed no aspirate; sattisfied widh *ph* or *f*, *th*, *sh*, and *kh* or *ch*; widhout *bh* or *v*, *dh*, *zh* or *gh*. Dhe labial aspirate gennerated dhe Eollic digamma *F* (howevver turned), hwich by and by gave birth to' dhe Lattin *V*. If primmitive tungs gain dhus at length won depressive aspirate; succeding expression, particcularly dhe Inglish, came to' dubbel dhe depressive *v* az wel az dhe direct *ph* or *f*. French articculacion havving no more occasion for such dubbling dhan her parent Lattin, dhe Inglish acute

or sharp accent askt it *evvery* moment; but seing no *prescedent* in oddher picturage, forbore to' *exhibbit* it, even until dhe *prezzent our*, dhat English anallogy, matured at last, rezolved to' be *seen*, az wel az *herd*; to' reggulate practice by theory, and realize theory in practice.

10. DHE OLD ASPIRATE OV R.

Som Greeks, followed by som Lattins, fancied to' ad rufnes to' dhe licquid R, or to' paint its innate rufnes more foarcibly, by subjoining aspiracion. Hence rushed dhe *Rhine* and dhe *Rhone*, dhe *Rhemi* and *Rheims*, *Rhoda* and *Rhodes*; *rhomb*, *rhumb*, *rheum*, and *rhubarb*. Dhe *Rhine* brought *Rhenish*; az *rhythmus rhythm*, *rhyme* and *rhime*; til at length harmonious *rezon* introduced *rime*, boath into' French and English; hwence dhe regennerated *Rine*, pouring purified *Rennish*, rouzed dhe rappid *Rone* to' rezistles emmulacion; brought *Roda* to' *Rodes*, and *rubarb* to' *reumatism*. Dhe verry *rinosceros* disdains now alike to' ruffen hiz horn with adscitiscious snorting, and to' stifel even hiz moddern sibbilacion.

Hwen dhe guttural aspirate lost dhe aspiracion, dhe simpel guttural alone cood remain: az in *Caron*, *Kiron*, *Akilles*, *Cloe*, *Cronus*; with *carracter*, *corus*, and *coral*, stil quite clear ov *corral*: wonce seen, because wonce herd, *Charon*, *Chiron*, *Achilles*, *Chloe*, *Chronus*, *character*, *chorus*, and *choral*.

11. ODDHER ANTIQUATED IDELLERS.

Among medial idellers, hiddherto', not onely suffered, but sanccioned, even after parental ejeccion, ar^[3] dhe s ov *isle*; l ov *fault* and *vault*, p ov *receipt*, b ov *debt* and *doubt*; c ov *perfect* and *verdict*^[3]; here at last fairly seen *ile*, *faut*, *vaut*, *receit*, *det*, *dout*, *perfet*, *verdit*. Alike idel iz dhe raddical g ov *feign* and *deign*, for *fein* and *dain*; and, werse (if possibel) dhan idel, dhe g

ov *foreign* and *sovereign*, for *forrain* and *sovverain*, from *forain* and *souverain*; az dheze from *foraneus* and *supraneus*.

12. FINAL FANTOMS, OR DUBLERS OV FINAL FORMS.

How manny final fants, in articulating shape, must Truths torch beam away! how manny dubblers ov a singuel clozer, espescially *l*, *f*, *s*, and *c*! az *ill*, *off*, *ass*, *back*; so *err*, *inn*, *ebb*, *add*, *odd*, *egg*: really no more, nor capabel ov being more, dhan *il*, *of*, *as*, *bac*; *er*, *in*, *eb*, *ad*, *od*, *eg*. *Shall*, for *shal*, doz addiscional mischief, by inviting ignorance to' brauden dhe vowel.

13. ODDHER FALSIFIERS, MEDIAL OR FINAL, OV LICQUIDS OR SIBBILANTS; PARTICULARLY, *TI* FOR A SIBBILACION.

Our misrepprezed consonants seem reducibel to' dheze. 1. Licquid for licquid: *l* for *r*, in dhe French *colonel* for dhe English *curnel*; *n* for *m*, in dhe unutterabel *Banff*, for dhe good town ov *Bamf*. Here too may enter for explosion, dhe *n* ov dhe indeffinite artikel, hweddher before a licquefaccion or an aspiracion; nedher ov hwich iz a vowel: so can we no more say *an unicorn* dhan *an horse*, for *a unicorn* or *a horse*. 2. Direct for depressive; *f* for *v*, in *of* for *ov*; *s* for *z*, in *as*, *has*, *was*, *is*, *his*; for *az*, *haz*, *waz*, *iz*, *hiz*: in dhe verbs, *house*, *use*, *peruse*, *abuse*, *excuse*, *amuse*, like *muse*, noun or verb; *chuse* or *choose*, with dhe dubbly fallacious *lose* and *vase*: for *houz* (like *brouz*), *uze*, *peruze*, *abuze*, *excuze*, *amuze*, *muze*, *chuze* or *chooz*, *looz*, and *vauz*. Dhe verbs dhus, duly sevvered from dhe nouns, lead to' distinguish dhe verb *refuze* from dhe adjective *refuse*, az wel az from dhe substantive *reffuse*. *Profuze* and *profuse*, *diffuze* and *diffuse*, ar simmilarly distinguishabel. Az we saw *s* play dubbly *z* in *visit* and *vision*, for *vizzit* and *vizzion*; so see we dubbly *s* for *z* in dhe middel, and for won *s* in dhe end ov *possess*, for *pozes*; hwich hwile oppozite stres secures to' dhe ear from dhe formative ov *poze*, az *cares* from dhat ov *care*, dhe context may wel guide

dhe eye ov attension to' dhe undouted meaning. No wonder if dhe direct figgure ov dhe sibbilant frenchly *rose*, and *occasionally rises*, for dhe depressive reallity; s for z in *rose* and *rises*, *occasionally* between vowels; for *occasionally roze* and *rizes*; nay for dhe dubbel depressive in *risen*, for *rizen*. Dhis rivals indeed *Stephen* for *Steven*, and even *nephew* for *nevview*. If *Stephanus* pretended to' pattronize dhe won, *neveu* (not *nepos*) must command dhe oddher.

But dhe French acaddemy, so exemplary in evvery exhibiscion ov its language, set nohwere so fatal or so followed an exampel, az in pretending to' conjure *ti* into' *si* before a vowel: a combinacion indeed! hwich Inglish picturage ventured onely to' constitute, raddher substitute, a sibbilant aspirate; dhe same groop *condition* prezing in won picturage *condicion*; and dhence in dhe oddher *condiscion*. Yet French led not Inglish into' dhe dissolucion ov *x* into' *ct*, in *flexion*, *reflexion*; hwich dhe former nevver violated into' *flection*, *reflection*, or dhe like.

14. DHE ORTHOGGRAPHY OV PROPPER NAMES.

Innocent howevver wer oddher tungs ov mispainting, az ov mispronouncing dhe dental aspirate; hwich not attempting to' substanciate even direct, far les depressive, dhey aught not, at least need not, to' paint at all: az dhe French *Tomas*, if les like hiz parent dhan *Thomas*, wood be so much liker himself; hwile *Tommas* alone can tel Inglish truith.

But dhat *Tommas*, dho a gennerous confessor ov conviccion, iz not dhe alone Brittish truith-teller; dhat he iz rivalled indeed by evvery oddher propper aincient and moddern, can be no novvelty to' anny crittic ov litterary naturalizement; hoo must onnor at wonce dhe, hware possibel, prezerved ennergy ov orrigin; and dhe inviolate prezzervacion ov Inglish analogy; in dhe unchainged companions ov *Euphrates*, *Darius*, *Heraclitus*, *Berea*, *Thalia*, and dhe rest; az wel az in dhe irreffragabel buties ov *Horrace*, *Terrence*, *Cezar*, *Ciscero*, *Senneca*, *Soccrates*, *Democcritus*, *Empeddacles*, *Heroddotus*, no les dhan ov *Jon*, *Phillip*, *Robbert*, *Parris*, widh *Hellen*, *Elizzabeth*, and dheir oddher Anglicized frends.

15. DHE FUNDAMENTAL PRINCIPEL OV ORTHOGRAPHY.

Such iz dhe system ov ENGLISH ORTHOGRAPHY, braught widhin dhe compas ov a few pages, on dhe unfailing principel, hwich aught to' govvern evvery plan ov literary improovment: first, to' make no chainge dhat can rascionally be avoided; and dhen to' make precisely evvery variacion, from vulgar practice, dhat can be demonstrated indispensabel. Nor iz dhis aught else dhan a completed minniature ov ENGLISH PROPRIETY *ascertained in her picture*: two quarto-vollumes graciously received by hiz prezzent Brittish Madjesty, from dhe same umbel hands; at St. Jameses, in 1786.

DHE END.

THE ORTHOGRAPHIC RIDDLE.

PREFACE.

These emanations of the British Muse,
Where English thoughts could English dress refuse,
Were once presented to another press,
Though thence borne back, as hopeless of success.
What honest critic e'er could credit eligible,
Riddles to his researches unintelligible?
When ready caution guards the lit'rate realm,
Never shall foreign floods these isles o'erwhelm:
Orthography the mother-tongue shall give,
Ever, as every where, with Truth to live;
Truth, Reason, Beauty shall o'erspread the nation;
Shall solve the RIDDLE, with one contemplation.

The public monitor of truth,
Sworn enemy to what's uncouth,
With blockheads similarly spells,
(Orthography with pleasure tells)
That thus the force of ridicule
Should laugh the learned back to school.
What then should cause that laughter strange?
What should occasion gen'ral change?

Orthography the answer gives,
To satisfy whoever lives.
The honest will confess the pity,
Court, country, citadel with city;
That ancients, with the giddy young,
Should study still the Latin tongue;
Should leave to levity, to dolour,
The unproficient English scholar;

Should give the very stranger dread,
Of gibberish, that ne'er was read;
That ne'er was heard, without derision,
Eschewing ocular revision.

This one example well will prove,
Will lib'ral laughter doubtless move:
When Pedantry shall cease to swell,
Honour'd Humility will spell.
The beauty then, of British truth,
Resistless shall enamour youth;
Shall evidence th' asseveration,
Throughout th' etymologic nation;
That one poetic exhibition
Could, without lit'ral intuition,
Fill ev'ry literary article,
Though never spell one single particle:
Could faithfully the whole present,
Without^[5] once shad'wing what were meant.

DHE SOLUCION OV DHE ORTHOGRAPHIC RIDDEL.

PREFFACE.

Dheze emmanacions ov dhe Brittish Muze,
Hware Inglish thaughts cood Inglish dres refuze,
Wer wonce prezented to' anoddher pres,
Dho dhence bor'n bac az hopeles ov succes.
Hwat onnest crittic ehr cood credditt elligibel,
Riddels to' hiz reserches unintelligibel?
Hwen steddyy caucion gards dhe litt'rate relm,
Nevver shal forrain fluds dheze iles o'rhwelms:
Orthoggraphy dhe moddher-tung shal guiv,
Evver, az evv'rihware, widh Truth to' liv;
Truth, Rezon, Buty shal o'rspred dhe nacion;
Shal solv dhe RIDDEL, widh won contemplacion.

Dhe public monnitor ov truth,
Swor'n ennemy to' hwat'z uncooth,
Widh blockheds simmilarly spels,
(Orthoggraphy widh plezzure tels)
Dhat dhus dhe foarce ov riddicule
Shood laf dhe lerned bac to' school.
Hwat dhen shood cauz dhat lafter strainge?
Hwat shood occasion genn'ral chainge?

Orthoggraphy dhe anser guivs,
To' sattisfy hooevver livs.
Dhe onnest wil confes dhe pittyy,
Coart, contry, cittadel widh citty;
Dhat aincients, widh dhe guiddy yong,
Shood studdy stil dhe Lattin tung;
Shood leve to' levvity, to' dollor,

Dhe unprofiscient Inglis scollar;
Shood guiv dhe verry strainger dred,
Ov guibberish, dhat nehr waz red;
Dhat nehr waz herd widhout derizzion,
Eskewing occular revizzion.

Dhis won exampel wel wil proov,
Wil libb'ral lafter doutles moov:
Hwen Peddantry shal cese to' swel,
Onnor'd Humillity wil spel.
Dhe buty dhen, ov Brittish truith,
Rezistles shal enammor yooth;
Shal evvidence dh' assevveracion,
Thro'out dh' etymmolodgic nacion;
Dhat won poettic exhibiscion
Cood, widhout litt'ral intuiscion,
Fil evv'ry litterary artikel,
Dho nevver spel won singuel partikel:
Cood faithfoolly dhe hoal prezent,
Widhout^[6] wonce shadd'wing hwat wer ment.

NOTES

[1] If not vulgarized from *batteller*.

[2] Ov *mow* dhe vowel and servile coalesce, (az in *sow*,) into' a diphthong, in dhe compound noun *barley-mow*.

[3] From dhe old barbarous French *isle*^[4], *faulte*, *voulte*, *recepte*, *debte*, *doubte*; *parfait*, *vraidict*: now duly *île*, *faute*, *voute*, *recette*, *dette*, *doute*, *parfait*, and *vraidit* from *verè dictum*.

[4] Inglis propriety, and indeed common-sense, must also protest against two' late *misnomers*: *Th'isleworth* for *Thistelworth*; and dhe forrain affectacion ov *St. Mary la bonne* (or even *borne*) for *Marribone*.

[5] Without one particle, representing what is read.

[6] Widhout won partikel, repprezing hwat iz red.

*** END OF THE PROJECT GUTENBERG EBOOK A MINNIATURE
OV INGLISH ORTHOGGRAPHY ***

Updated editions will replace the previous one—the old editions will be renamed.

Creating the works from print editions not protected by U.S. copyright law means that no one owns a United States copyright in these works, so the Foundation (and you!) can copy and distribute it in the United States without permission and without paying copyright royalties. Special rules, set forth in the General Terms of Use part of this license, apply to copying and distributing Project Gutenberg™ electronic works to protect the PROJECT GUTENBERG™ concept and trademark. Project Gutenberg is a registered trademark, and may not be used if you charge for an eBook, except by following the terms of the trademark license, including paying royalties for use of the Project Gutenberg trademark. If you do not charge anything for copies of this eBook, complying with the trademark license is very easy. You may use this eBook for nearly any purpose such as creation of derivative works, reports, performances and research. Project Gutenberg eBooks may be modified and printed and given away—you may do practically ANYTHING in the United States with eBooks not protected by U.S. copyright law. Redistribution is subject to the trademark license, especially commercial redistribution.

START: FULL LICENSE

THE FULL PROJECT GUTENBERG™ LICENSE

PLEASE READ THIS BEFORE YOU DISTRIBUTE OR USE THIS WORK

To protect the Project Gutenberg™ mission of promoting the free distribution of electronic works, by using or distributing this work (or any other work associated in any way with the phrase “Project Gutenberg”), you agree to comply with all the terms of the Full Project Gutenberg License available with this file or online at www.gutenberg.org/license.

Section 1. General Terms of Use and Redistributing Project Gutenberg electronic works

1.A. By reading or using any part of this Project Gutenberg electronic work, you indicate that you have read, understand, agree to and accept all the terms of this license and intellectual property (trademark/copyright) agreement. If you do not agree to abide by all the terms of this agreement, you must cease using and return or destroy all copies of Project Gutenberg electronic works in your possession. If you paid a fee for obtaining a copy of or access to a Project Gutenberg electronic work and you do not agree to be bound by the terms of this agreement, you may obtain a refund from the person or entity to whom you paid the fee as set forth in paragraph 1.E.8.

1.B. “Project Gutenberg” is a registered trademark. It may only be used on or associated in any way with an electronic work by people who agree to be bound by the terms of this agreement. There are a few things that you can do with most Project Gutenberg electronic works even without complying with the full terms of this agreement. See paragraph 1.C below. There are a lot of things you can do with Project Gutenberg electronic works if you follow the terms of this agreement and help preserve free future access to Project Gutenberg electronic works. See paragraph 1.E below.

1.C. The Project Gutenberg Literary Archive Foundation (“the Foundation” or PGLAF), owns a compilation copyright in the

collection of Project Gutenberg electronic works. Nearly all the individual works in the collection are in the public domain in the United States. If an individual work is unprotected by copyright law in the United States and you are located in the United States, we do not claim a right to prevent you from copying, distributing, performing, displaying or creating derivative works based on the work as long as all references to Project Gutenberg are removed. Of course, we hope that you will support the Project Gutenberg mission of promoting free access to electronic works by freely sharing Project Gutenberg works in compliance with the terms of this agreement for keeping the Project Gutenberg name associated with the work. You can easily comply with the terms of this agreement by keeping this work in the same format with its attached full Project Gutenberg License when you share it without charge with others.

1.D. The copyright laws of the place where you are located also govern what you can do with this work. Copyright laws in most countries are in a constant state of change. If you are outside the United States, check the laws of your country in addition to the terms of this agreement before downloading, copying, displaying, performing, distributing or creating derivative works based on this work or any other Project Gutenberg work. The Foundation makes no representations concerning the copyright status of any work in any country other than the United States.

1.E. Unless you have removed all references to Project Gutenberg:

1.E.1. The following sentence, with active links to, or other immediate access to, the full Project Gutenberg License must appear prominently whenever any copy of a Project Gutenberg work (any work on which the phrase “Project Gutenberg” appears, or with which the phrase “Project Gutenberg” is associated) is accessed, displayed, performed, viewed, copied or distributed:

This eBook is for the use of anyone anywhere in the United States and most other parts of the world at no cost and with almost no restrictions whatsoever. You may copy it, give it away or re-use it under the terms of the Project Gutenberg™

License included with this eBook or online at www.gutenberg.org. If you are not located in the United States, you will have to check the laws of the country where you are located before using this eBook.

1.E.2. If an individual Project Gutenberg electronic work is derived from texts not protected by U.S. copyright law (does not contain a notice indicating that it is posted with permission of the copyright holder), the work can be copied and distributed to anyone in the United States without paying any fees or charges. If you are redistributing or providing access to a work with the phrase “Project Gutenberg” associated with or appearing on the work, you must comply either with the requirements of paragraphs 1.E.1 through 1.E.7 or obtain permission for the use of the work and the Project Gutenberg trademark as set forth in paragraphs 1.E.8 or 1.E.9.

1.E.3. If an individual Project Gutenberg electronic work is posted with the permission of the copyright holder, your use and distribution must comply with both paragraphs 1.E.1 through 1.E.7 and any additional terms imposed by the copyright holder. Additional terms will be linked to the Project Gutenberg License for all works posted with the permission of the copyright holder found at the beginning of this work.

1.E.4. Do not unlink or detach or remove the full Project Gutenberg License terms from this work, or any files containing a part of this work or any other work associated with Project Gutenberg.

1.E.5. Do not copy, display, perform, distribute or redistribute this electronic work, or any part of this electronic work, without prominently displaying the sentence set forth in paragraph 1.E.1 with active links or immediate access to the full terms of the Project Gutenberg License.

1.E.6. You may convert to and distribute this work in any binary, compressed, marked up, nonproprietary or proprietary form, including any word processing or hypertext form. However, if you provide access to or distribute copies of a Project Gutenberg work in a format

other than “Plain Vanilla ASCII” or other format used in the official version posted on the official Project Gutenberg website (www.gutenberg.org), you must, at no additional cost, fee or expense to the user, provide a copy, a means of exporting a copy, or a means of obtaining a copy upon request, of the work in its original “Plain Vanilla ASCII” or other form. Any alternate format must include the full Project Gutenberg License as specified in paragraph 1.E.1.

1.E.7. Do not charge a fee for access to, viewing, displaying, performing, copying or distributing any Project Gutenberg works unless you comply with paragraph 1.E.8 or 1.E.9.

1.E.8. You may charge a reasonable fee for copies of or providing access to or distributing Project Gutenberg electronic works provided that:

- You pay a royalty fee of 20% of the gross profits you derive from the use of Project Gutenberg works calculated using the method you already use to calculate your applicable taxes. The fee is owed to the owner of the Project Gutenberg trademark, but he has agreed to donate royalties under this paragraph to the Project Gutenberg Literary Archive Foundation. Royalty payments must be paid within 60 days following each date on which you prepare (or are legally required to prepare) your periodic tax returns. Royalty payments should be clearly marked as such and sent to the Project Gutenberg Literary Archive Foundation at the address specified in Section 4, “Information about donations to the Project Gutenberg Literary Archive Foundation.”
- You provide a full refund of any money paid by a user who notifies you in writing (or by e-mail) within 30 days of receipt that s/he does not agree to the terms of the full Project Gutenberg™ License. You must require such a user to return or destroy all copies of the works possessed in a physical medium and discontinue all use of and all access to other copies of Project Gutenberg™ works.
- You provide, in accordance with paragraph 1.F.3, a full refund of any money paid for a work or a replacement copy, if a defect in the

electronic work is discovered and reported to you within 90 days of receipt of the work.

- You comply with all other terms of this agreement for free distribution of Project Gutenberg™ works.

1.E.9. If you wish to charge a fee or distribute a Project Gutenberg™ electronic work or group of works on different terms than are set forth in this agreement, you must obtain permission in writing from the Project Gutenberg Literary Archive Foundation, the manager of the Project Gutenberg™ trademark. Contact the Foundation as set forth in Section 3 below.

1.F.

1.F.1. Project Gutenberg volunteers and employees expend considerable effort to identify, do copyright research on, transcribe and proofread works not protected by U.S. copyright law in creating the Project Gutenberg™ collection. Despite these efforts, Project Gutenberg™ electronic works, and the medium on which they may be stored, may contain “Defects,” such as, but not limited to, incomplete, inaccurate or corrupt data, transcription errors, a copyright or other intellectual property infringement, a defective or damaged disk or other medium, a computer virus, or computer codes that damage or cannot be read by your equipment.

1.F.2. LIMITED WARRANTY, DISCLAIMER OF DAMAGES - Except for the “Right of Replacement or Refund” described in paragraph 1.F.3, the Project Gutenberg Literary Archive Foundation, the owner of the Project Gutenberg™ trademark, and any other party distributing a Project Gutenberg™ electronic work under this agreement, disclaim all liability to you for damages, costs and expenses, including legal fees. YOU AGREE THAT YOU HAVE NO REMEDIES FOR NEGLIGENCE, STRICT LIABILITY, BREACH OF WARRANTY OR BREACH OF CONTRACT EXCEPT THOSE PROVIDED IN PARAGRAPH 1.F.3. YOU AGREE THAT THE FOUNDATION, THE TRADEMARK OWNER, AND ANY DISTRIBUTOR UNDER THIS AGREEMENT WILL NOT BE

LIABLE TO YOU FOR ACTUAL, DIRECT, INDIRECT, CONSEQUENTIAL, PUNITIVE OR INCIDENTAL DAMAGES EVEN IF YOU GIVE NOTICE OF THE POSSIBILITY OF SUCH DAMAGE.

1.F.3. LIMITED RIGHT OF REPLACEMENT OR REFUND - If you discover a defect in this electronic work within 90 days of receiving it, you can receive a refund of the money (if any) you paid for it by sending a written explanation to the person you received the work from. If you received the work on a physical medium, you must return the medium with your written explanation. The person or entity that provided you with the defective work may elect to provide a replacement copy in lieu of a refund. If you received the work electronically, the person or entity providing it to you may choose to give you a second opportunity to receive the work electronically in lieu of a refund. If the second copy is also defective, you may demand a refund in writing without further opportunities to fix the problem.

1.F.4. Except for the limited right of replacement or refund set forth in paragraph 1.F.3, this work is provided to you 'AS-IS', WITH NO OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PURPOSE.

1.F.5. Some states do not allow disclaimers of certain implied warranties or the exclusion or limitation of certain types of damages. If any disclaimer or limitation set forth in this agreement violates the law of the state applicable to this agreement, the agreement shall be interpreted to make the maximum disclaimer or limitation permitted by the applicable state law. The invalidity or unenforceability of any provision of this agreement shall not void the remaining provisions.

1.F.6. INDEMNITY - You agree to indemnify and hold the Foundation, the trademark owner, any agent or employee of the Foundation, anyone providing copies of Project Gutenberg™ electronic works in accordance with this agreement, and any volunteers associated with the production, promotion and distribution of Project Gutenberg™ electronic works, harmless from all liability,

costs and expenses, including legal fees, that arise directly or indirectly from any of the following which you do or cause to occur: (a) distribution of this or any Project Gutenberg work, (b) alteration, modification, or additions or deletions to any Project Gutenberg work, and (c) any Defect you cause.

Section 2. Information about the Mission of Project Gutenberg

Project Gutenberg is synonymous with the free distribution of electronic works in formats readable by the widest variety of computers including obsolete, old, middle-aged and new computers. It exists because of the efforts of hundreds of volunteers and donations from people in all walks of life.

Volunteers and financial support to provide volunteers with the assistance they need are critical to reaching Project Gutenberg's goals and ensuring that the Project Gutenberg collection will remain freely available for generations to come. In 2001, the Project Gutenberg Literary Archive Foundation was created to provide a secure and permanent future for Project Gutenberg and future generations. To learn more about the Project Gutenberg Literary Archive Foundation and how your efforts and donations can help, see Sections 3 and 4 and the Foundation information page at www.gutenberg.org.

Section 3. Information about the Project Gutenberg Literary Archive Foundation

The Project Gutenberg Literary Archive Foundation is a non-profit 501(c)(3) educational corporation organized under the laws of the state of Mississippi and granted tax exempt status by the Internal Revenue Service. The Foundation's EIN or federal tax identification number is 64-6221541. Contributions to the Project Gutenberg Literary Archive Foundation are tax deductible to the full extent permitted by U.S. federal laws and your state's laws.

The Foundation's business office is located at 41 Watchung Plaza #516, Montclair NJ 07042, USA, +1 (862) 621-9288. Email contact links and up to date contact information can be found at the Foundation's website and official page at www.gutenberg.org/contact

Section 4. Information about Donations to the Project Gutenberg Literary Archive Foundation

Project Gutenberg™ depends upon and cannot survive without widespread public support and donations to carry out its mission of increasing the number of public domain and licensed works that can be freely distributed in machine-readable form accessible by the widest array of equipment including outdated equipment. Many small donations (\$1 to \$5,000) are particularly important to maintaining tax exempt status with the IRS.

The Foundation is committed to complying with the laws regulating charities and charitable donations in all 50 states of the United States. Compliance requirements are not uniform and it takes a considerable effort, much paperwork and many fees to meet and keep up with these requirements. We do not solicit donations in locations where we have not received written confirmation of compliance. To SEND DONATIONS or determine the status of compliance for any particular state visit www.gutenberg.org/donate.

While we cannot and do not solicit contributions from states where we have not met the solicitation requirements, we know of no prohibition against accepting unsolicited donations from donors in such states who approach us with offers to donate.

International donations are gratefully accepted, but we cannot make any statements concerning tax treatment of donations received from outside the United States. U.S. laws alone swamp our small staff.

Please check the Project Gutenberg web pages for current donation methods and addresses. Donations are accepted in a number of other

ways including checks, online payments and credit card donations. To donate, please visit: www.gutenberg.org/donate.

Section 5. General Information About Project Gutenberg electronic works

Professor Michael S. Hart was the originator of the Project Gutenberg concept of a library of electronic works that could be freely shared with anyone. For forty years, he produced and distributed Project Gutenberg eBooks with only a loose network of volunteer support.

Project Gutenberg eBooks are often created from several printed editions, all of which are confirmed as not protected by copyright in the U.S. unless a copyright notice is included. Thus, we do not necessarily keep eBooks in compliance with any particular paper edition.

Most people start at our website which has the main PG search facility: www.gutenberg.org.

This website includes information about Project Gutenberg, including how to make donations to the Project Gutenberg Literary Archive Foundation, how to help produce our new eBooks, and how to subscribe to our email newsletter to hear about new eBooks.
