

Stanford Achievement Test, Ed. 1922

Advanced Examination, Form A, for Grades 4-8

Truman Lee Kelley et al.

The background of the lower half of the image is a complex, abstract pattern of geometric shapes. It features a variety of purple and blue triangles, squares, rectangles, and lines, some of which are nested or overlapping. The shapes are arranged in a way that creates a sense of depth and movement. The colors range from deep purples to bright blues, with some areas appearing lighter due to the way the shapes are layered.

TEST 1. READING: PARAGRAPH MEANING

**Sample: Dick and Tom were playing ball in the field. Dick was throwing the ball and
was trying to catch it.**

Write JUST ONE WORD on each dotted line.

- 1 Fanny has a little red hen. Every day the hen goes to her nest and lays an egg for Fanny to eat. Then she makes a funny noise to tell Fanny to come and get the
- 2 A kitten can climb a tree, but a dog cannot. This is very lucky for Nellie's kitten. Every time Joe's big dog comes along the kitten climbs a tree and the cannot follow.
- 3 Anna had never seen a squirrel in her life, although she had always wanted to very much. One day when she was playing under a tree she heard a funny little noise over her head. She looked up, and what do you think she saw? Up there in the was the very thing she had always wanted to see, a
- 4 John and Joe played one day till they were very hungry; so John went into the house and asked his mother for something to..... When he came out again he had a big apple for himself and another for
- 5 One day when Jane was sweeping she found a dime on the floor under the bed. They could not find out whose dime it was, so Jane's mother gave it to her. Now, every time Jane the floor she looks carefully under the bed for another
- 6 Helen and Kate pulled their sled through the deep snow to the top of the hill and soon were coasting swiftly down again. They did this over and over. The was so deep that they found it hard work to drag the to the top.

- 7 Once a black raven wanted to have white feathers like a swan. The raven saw that the swan lived in the water, and thought it was the water that made the swan's feathers so white. So the _____ decided to wash his feathers every day to see if it would not make them _____.
- 8 Birds' eggs are almost as different from each other as are the birds themselves. The robin lays four or five blue eggs. The dove lays two white eggs. The sparrow lays six or eight speckled eggs. If we should find a nest with four blue eggs in it, we could be pretty sure that it was the nest of a _____ rather than of a _____ or dove.
- 9 > Once there lived on a mountain near a village an immense giant whose cruelty kept the people of the village in great terror. However, there was one person in the village who was not afraid of the giant. This was a young soldier who carried a magic sword that a fairy had given him. Once when the _____ came down from the _____ the soldier attacked him with his magic _____ and killed him.
- 10 Once a hen was so foolish as to go to a fox and ask him to look after her chicks while she went to the barnyard to find some worms for her chicks. The fox was of course quite willing. The hen was gone a long time. When she finally returned, she found that the fox had eaten all her chicks. Since then no _____ has employed a _____ as a nurse.

Turn the page and go right on.

TEST 1, CONTINUED

- 11 When the bear appeared near the hut, Walter was alone. His father had driven to the village, that morning, several miles away. Fortunately he had left his gun hanging on the wall loaded and ready for service. Walter was excited, but he did not hesitate. Quickly seizing the _____ he _____ the _____.
- 12 In a certain village a ton of coal costs just as much as a cord of wood, but it produces twice as much heat. Therefore the poor families in this village should be advised to burn _____ rather than _____.
- 13 "Come on" called Joe, "let's go for a swim down by Jones' Point, where the river is deep." "No," said Pete, "let's swim down by Duggan's. where the water is warmer." "It isn't because the water is warm that you want to go to _____, but because you can't swim," said _____.
- 14 Richard and Miss Cabot quickly found their way alone to the house of Mr. Smith on Craven Street. Miss Cabot left Richard in the carriage, walked quickly to the door, and sending up her card by the servant, requested to see Mr. Smith. The _____ soon returned and begged her to come in. As soon as she had done so. Miss Cabot introduced herself to Mr. _____ and begged him to come out and talk with _____, who was waiting outside in the carriage.
- 15 Joe made up a game which he called "Jac-alack." One person called Jack must climb a tree and hang by his arms from a low bough. The others stand behind him and say in unison, "Alas, alack, he fell on his back," and while they are saying it, one of them hits Jack with a bean bag. If Jack can see or guess who did it, he may drop down, and the guilty person takes his place. Otherwise he has to _____ there for another turn and sing out,

"Alas, alack, another whack." It is quite a game and Jack must have strong

16 It is well established that the bee, which is commonly supposed to be so industrious, really works only two or three hours a day. The man who works eight or ten hours a day is therefore far more than the

17 Boys and girls know my name. And mothers and fathers, too. Big folks love me. You do, too. The first letters in the first four sentences of this paragraph spell my name; so write it here

18 Energy is a measure of the fullness of life and is indispensable for genius. No energy at all is death. Idiots are feeble and listless. Nearly all the leaders of mankind have been noted for their remarkable

19 Deciduous trees lose their leaves in winter, while evergreens, as their name implies, do not. Therefore, in forests composed of trees the ground is less shaded in winter than is the case in forests whose trees are

20 Some historians believe that the spread of anti-slavery feeling among the people of the North previous to the Civil War was due less to the moral issue involved than to the fact that they recognized the system of as a menace to the industrial system of free labor.

TEST 1, CONTINUED

- 21 If I were writing about the rich, I should be inclined to divide them, according to their attitude toward life, into workers and parasites. The motto of the worker is, "I owe the world a life," and the motto of the is, "The owes me a living."
- 22 Caution, when not present in excess, is a desirable trait. Often it saves one from disappointment or failure. Occasionally, however, one finds a person so extremely that his will is paralyzed and he is totally unable to set about any new undertaking. Too much is indeed often than too little.
- 23 A whale is not a fish, even though it does live in water. A fish has no lungs, is cold-blooded, and absorbs oxygen from the water through its gills; but a whale is warm-blooded and has a genuine set of lungs. In consequence, in bodily structure the is like a shark, which is a true fish, than it is like a horse.
- 24 The brook on our farm has many whims. It ripples over bright and shiny rocks, and falls into a placid little pool so clear that I can see the pebbles on the bottom and can see myself down there, too. As I look straight down, it is hard to tell whether what I see is my nose or a, but as I move a little, that which I see stands still, so I know it is not Farther on the brook forgets the placid pool and tumbles over roots and rocks. It does, indeed, have many

- 25 To pant for recognition, to yearn to impress one's personality upon one's fellow-men, is the essence of ambition. The ambitious person may think that he merely thirsts to "do something" or "be somebody" but really what he craves is to figure potently in the minds of others, to be greatly loved, admired, or feared. To reap a success which no one does not satisfy the yearnings of the individual.
- 26 Washington was a very silent man. Of no man in the world's history do we have so few sayings of a personal kind. As for talking about himself, that was something in which he almost never indulged. Yet it would be a great error to interpret his as an indication that he was in any sense cold or unfeeling.
- 27 As a rule, it is more economical to remember things by associating them clearly and vigorously than by going through many repetitions of them. Thus, a clear understanding of the causes for the Democratic victory in the national election in 1916 will be effective in remembering the fact than a dozen of the statement "Woodrow Wilson was elected in 1916."
- 28 Fundamentally, education depends upon the capacity of a person to profit by past experiences. Past situations modify present and future adjustments. Education in its broadest sense means acquiring experiences that serve to existing inherited or acquired tendencies of behavior.
- 29 "Naïve" and "unsophisticated" are frequently confused. The former suggests a type of behavior which is artless, spontaneous, and free from the restraints of custom. The latter implies fully as great lack of knowledge of social usage, and, in addition, conduct which is primitive and perchance inelegant. Thus, the youth was the first to enter the car, and his little sister warmly kissed him in the presence of the king. We may also say that a country boy is with respect to city life and customs.

Test 1. Number right **× 2 = Score**

TEST 5. ARITHMETIC: REASONING

Find all the answers as quickly as you can.

Write the answers on the dotted lines.

Use the blank sheets of paper to figure on.

Begin here.

- 1 How many are 3 eggs and 2 eggs? *Answer*
- 2 Mary is 7 years old. How old will she be in 3 years? *Answer*
- 3 A hen had 9 chicks and 3 of them died. How many were left? *Answer*
- 4 Milk costs 8 cents a pint and the milkman is going to raise the price 2 cents. What will it then cost? *Answer*
- 5 If you buy a pencil for 4 cents and pay for it with a dime, how much change should you get? *Answer*
- 6 How many dimes are there in a dollar? *Answer*
- 7 How many eggs are there in 7 nests if each nest has 3 eggs? *Answer*
- 8 How many cents will 8 oranges cost at 3 cents each? *Answer*
- 9 David earned \$3.50 in June, \$2.25 in July, and \$1.50 in August. How much did he earn in all? *Answer*
- 10 Frank bought 3 two-cent postage stamps and 13 one-cent stamps. *Answer*

How much did he pay for all?

11 Five girls buy a present costing 25 cents. How many cents does each pay? *Answer*

12 If a train goes 60 miles in three hours, how far does it go in one hour? *Answer*

13 John has saved \$3.75. How many dollars more does he need to buy a pony which costs \$45.75? *Answer*

14 A man pays the street-car fare for himself and two friends. If the fare is 7¢, how much change should he receive from a half dollar? *Answer*

15 A train which was due at 2 P.M. was 3 1/2 hours late. When did it arrive? *Answer*

16 What is the cost of 10 oranges at 2 for 5 cents? *Answer*

17 Edward has \$1.67 in the bank and takes out 2 quarters, a dime, and a cent. How much does he have left in the bank? *Answer*

18 What is the cost of a 4 3/4-pound roast at 40 cents a pound? *Answer*

19 A boy saved 5 cents a day for two weeks, and 10 cents a day for the next four weeks. How much money does he then have? *Answer*

20 A gallon is equal to 231 cubic inches. How many gallons are there in a tank 6x7x11 inches? *Answer*

21 The tax rate in an Eastern city has varied as follows: 1910, 21¢ on each \$100; 1911, 17¢ on each \$100; 1912, 27¢ on each \$100; 1913, 26¢ on each \$100; 1914, 34¢ on each \$100; 1915, 33¢ on each \$100. The highest rate was how many times as great as the lowest?

Answer

TEST 5, CONTINUED

- 22 Henry was marked 87 in geography the first month, 91 the second, and 93 the third month. What was his average grade? *Answer*
- 23 If the butcher's scales read one ounce too much on each weighing, how much is a customer overcharged on a pound of steak at 48¢ a pound? *Answer*
- 24 At \$1.00 a bushel for potatoes and \$20.00 a car for freight, how much will a 400-bushel carload of potatoes cost? *Answer*
- 25 Tom has just 4 weeks' vacation and wishes to spend it in a city which it takes two days to reach by train. How many days can he spend in the city? *Answer*
- 26 If a fence rail is 10 feet long, how many rails will it take to reach a mile? *Answer*
- 27 Sound travels about 1100 ft. a second. If you see the flash of a cannon and 12 seconds later the sound reaches you, how far away is the cannon? *Answer*

- 28 A man had \$5000, from which he received 6 per cent income each year. In addition he earned \$1500 in business. What was his total income for the year? *Answer*
- 29 Frank and George buy 300 marbles for 50 cents. Frank pays 35 cents and George 15 cents. How many marbles should George receive? *Answer*
- 30 If a watch gains 20 seconds in 24 hours, what fraction of a minute will it gain between noon and 6 P.M.? *Answer*
- 31 The heights of 4 boys in a class are 5 feet 10 inches, 5 feet 9 inches, 5 feet 7 inches, and 5 feet 6 inches. What is the average height? *Answer*
- 32 An article which formerly sold at 12 cents was raised to 18 cents. What per cent was the price advanced? *Answer*
- 33 A broker charges \$25 commission on every sale plus 5 per cent on all over \$200. What would be his commission on a \$500 sale? *Answer*
- 34 If 72 per cent of potatoes is water, how many pounds of solid material are there in a ton of potatoes? *Answer*
- 35 A man invested \$1000 in each of 3 different bonds. The first paid 8 per cent dividend and the second *Answer*

6 per cent, but on the third he lost \$5 on each hundred dollars invested. What was his net yearly gain on the three investments?

36 If the circumference of a circle is 12.5664 feet, what is its diameter? *Answer*

37 The regular price of a certain piece of linen is \$4 per yard. A remnant $1\frac{1}{4}$ yards long is offered at \$2.50. What per cent reduction is made? *Answer*

38 A man six feet tall casts a shadow 8 feet long at 9 A.M. A telephone pole casts a shadow 100 feet long at the same time. How high is the pole? *Answer*

39 It costs 43 cents to send a 10-pound parcel post package from New Orleans to Dallas. What will it cost to send an 8-pound package if the cost is 3 cents more on the first pound than on additional pounds? *Answer*

40 If the hour hand of a clock is 3 inches long and the minute hand is 4 inches long, how far apart are the tips of the two hands at 9 A.M.? *Answer*

*** END OF THE PROJECT GUTENBERG EBOOK STANFORD
ACHIEVEMENT TEST, ED. 1922 ***

Updated editions will replace the previous one—the old editions will be renamed.

Creating the works from print editions not protected by U.S. copyright law means that no one owns a United States copyright in these works, so the Foundation (and you!) can copy and distribute it in the United States without permission and without paying copyright royalties. Special rules, set forth in the General Terms of Use part of this license, apply to copying and distributing Project Gutenberg™ electronic works to protect the PROJECT GUTENBERG™ concept and trademark. Project Gutenberg is a registered trademark, and may not be used if you charge for an eBook, except by following the terms of the trademark license, including paying royalties for use of the Project Gutenberg trademark. If you do not charge anything for copies of this eBook, complying with the trademark license is very easy. You may use this eBook for nearly any purpose such as creation of derivative works, reports, performances and research. Project Gutenberg eBooks may be modified and printed and given away—you may do practically ANYTHING in the United States with eBooks not protected by U.S. copyright law. Redistribution is subject to the trademark license, especially commercial redistribution.

START: FULL LICENSE

THE FULL PROJECT GUTENBERG™ LICENSE

PLEASE READ THIS BEFORE YOU DISTRIBUTE OR USE THIS WORK

To protect the Project Gutenberg™ mission of promoting the free distribution of electronic works, by using or distributing this work (or any other work associated in any way with the phrase “Project Gutenberg”), you agree to comply with all the terms of the Full Project Gutenberg License available with this file or online at www.gutenberg.org/license.

Section 1. General Terms of Use and Redistributing Project Gutenberg electronic works

1.A. By reading or using any part of this Project Gutenberg electronic work, you indicate that you have read, understand, agree to and accept all the terms of this license and intellectual property (trademark/copyright) agreement. If you do not agree to abide by all the terms of this agreement, you must cease using and return or destroy all copies of Project Gutenberg electronic works in your possession. If you paid a fee for obtaining a copy of or access to a Project Gutenberg electronic work and you do not agree to be bound by the terms of this agreement, you may obtain a refund from the person or entity to whom you paid the fee as set forth in paragraph 1.E.8.

1.B. “Project Gutenberg” is a registered trademark. It may only be used on or associated in any way with an electronic work by people who agree to be bound by the terms of this agreement. There are a few things that you can do with most Project Gutenberg electronic works even without complying with the full terms of this agreement. See paragraph 1.C below. There are a lot of things you can do with Project Gutenberg electronic works if you follow the terms of this agreement and help preserve free future access to Project Gutenberg electronic works. See paragraph 1.E below.

1.C. The Project Gutenberg Literary Archive Foundation (“the Foundation” or PGLAF), owns a compilation copyright in the collection of Project Gutenberg electronic works. Nearly all the individual works in the collection are in the public domain in the United States. If an individual work is unprotected by copyright law in the United States and you are

located in the United States, we do not claim a right to prevent you from copying, distributing, performing, displaying or creating derivative works based on the work as long as all references to Project Gutenberg are removed. Of course, we hope that you will support the Project Gutenberg mission of promoting free access to electronic works by freely sharing Project Gutenberg works in compliance with the terms of this agreement for keeping the Project Gutenberg name associated with the work. You can easily comply with the terms of this agreement by keeping this work in the same format with its attached full Project Gutenberg License when you share it without charge with others.

1.D. The copyright laws of the place where you are located also govern what you can do with this work. Copyright laws in most countries are in a constant state of change. If you are outside the United States, check the laws of your country in addition to the terms of this agreement before downloading, copying, displaying, performing, distributing or creating derivative works based on this work or any other Project Gutenberg work. The Foundation makes no representations concerning the copyright status of any work in any country other than the United States.

1.E. Unless you have removed all references to Project Gutenberg:

1.E.1. The following sentence, with active links to, or other immediate access to, the full Project Gutenberg License must appear prominently whenever any copy of a Project Gutenberg work (any work on which the phrase “Project Gutenberg” appears, or with which the phrase “Project Gutenberg” is associated) is accessed, displayed, performed, viewed, copied or distributed:

This eBook is for the use of anyone anywhere in the United States and most other parts of the world at no cost and with almost no restrictions whatsoever. You may copy it, give it away or re-use it under the terms of the Project Gutenberg™ License included with this eBook or online at www.gutenberg.org. If you are not located in the United States, you will have to check the laws of the country where you are located before using this eBook.

1.E.2. If an individual Project Gutenberg electronic work is derived from texts not protected by U.S. copyright law (does not contain a notice indicating that it is posted with permission of the copyright holder), the work can be copied and distributed to anyone in the United States without paying any fees or charges. If you are redistributing or providing access to a work with the phrase “Project Gutenberg” associated with or appearing on the work, you must comply either with the requirements of paragraphs 1.E.1 through 1.E.7 or obtain permission for the use of the work and the Project Gutenberg trademark as set forth in paragraphs 1.E.8 or 1.E.9.

1.E.3. If an individual Project Gutenberg electronic work is posted with the permission of the copyright holder, your use and distribution must comply with both paragraphs 1.E.1 through 1.E.7 and any additional terms imposed by the copyright holder. Additional terms will be linked to the Project Gutenberg License for all works posted with the permission of the copyright holder found at the beginning of this work.

1.E.4. Do not unlink or detach or remove the full Project Gutenberg License terms from this work, or any files containing a part of this work or any other work associated with Project Gutenberg.

1.E.5. Do not copy, display, perform, distribute or redistribute this electronic work, or any part of this electronic work, without prominently displaying the sentence set forth in paragraph 1.E.1 with active links or immediate access to the full terms of the Project Gutenberg License.

1.E.6. You may convert to and distribute this work in any binary, compressed, marked up, nonproprietary or proprietary form, including any word processing or hypertext form. However, if you provide access to or distribute copies of a Project Gutenberg work in a format other than “Plain Vanilla ASCII” or other format used in the official version posted on the official Project Gutenberg website (www.gutenberg.org), you must, at no additional cost, fee or expense to the user, provide a copy, a means of exporting a copy, or a means of obtaining a copy upon request, of the work in its original “Plain Vanilla ASCII” or other form. Any alternate format must include the full Project Gutenberg License as specified in paragraph 1.E.1.

1.E.7. Do not charge a fee for access to, viewing, displaying, performing, copying or distributing any Project Gutenberg works unless you comply with paragraph 1.E.8 or 1.E.9.

1.E.8. You may charge a reasonable fee for copies of or providing access to or distributing Project Gutenberg electronic works provided that:

- You pay a royalty fee of 20% of the gross profits you derive from the use of Project Gutenberg works calculated using the method you already use to calculate your applicable taxes. The fee is owed to the owner of the Project Gutenberg trademark, but he has agreed to donate royalties under this paragraph to the Project Gutenberg Literary Archive Foundation. Royalty payments must be paid within 60 days following each date on which you prepare (or are legally required to prepare) your periodic tax returns. Royalty payments should be clearly marked as such and sent to the Project Gutenberg Literary Archive Foundation at the address specified in Section 4, "Information about donations to the Project Gutenberg Literary Archive Foundation."
- You provide a full refund of any money paid by a user who notifies you in writing (or by e-mail) within 30 days of receipt that s/he does not agree to the terms of the full Project Gutenberg™ License. You must require such a user to return or destroy all copies of the works possessed in a physical medium and discontinue all use of and all access to other copies of Project Gutenberg™ works.
- You provide, in accordance with paragraph 1.F.3, a full refund of any money paid for a work or a replacement copy, if a defect in the electronic work is discovered and reported to you within 90 days of receipt of the work.
- You comply with all other terms of this agreement for free distribution of Project Gutenberg™ works.

1.E.9. If you wish to charge a fee or distribute a Project Gutenberg™ electronic work or group of works on different terms than are set forth in this agreement, you must obtain permission in writing from the Project Gutenberg Literary Archive Foundation, the manager of the Project

Gutenberg™ trademark. Contact the Foundation as set forth in Section 3 below.

1.F.

1.F.1. Project Gutenberg volunteers and employees expend considerable effort to identify, do copyright research on, transcribe and proofread works not protected by U.S. copyright law in creating the Project Gutenberg™ collection. Despite these efforts, Project Gutenberg™ electronic works, and the medium on which they may be stored, may contain “Defects,” such as, but not limited to, incomplete, inaccurate or corrupt data, transcription errors, a copyright or other intellectual property infringement, a defective or damaged disk or other medium, a computer virus, or computer codes that damage or cannot be read by your equipment.

1.F.2. LIMITED WARRANTY, DISCLAIMER OF DAMAGES - Except for the “Right of Replacement or Refund” described in paragraph 1.F.3, the Project Gutenberg Literary Archive Foundation, the owner of the Project Gutenberg™ trademark, and any other party distributing a Project Gutenberg™ electronic work under this agreement, disclaim all liability to you for damages, costs and expenses, including legal fees. YOU AGREE THAT YOU HAVE NO REMEDIES FOR NEGLIGENCE, STRICT LIABILITY, BREACH OF WARRANTY OR BREACH OF CONTRACT EXCEPT THOSE PROVIDED IN PARAGRAPH 1.F.3. YOU AGREE THAT THE FOUNDATION, THE TRADEMARK OWNER, AND ANY DISTRIBUTOR UNDER THIS AGREEMENT WILL NOT BE LIABLE TO YOU FOR ACTUAL, DIRECT, INDIRECT, CONSEQUENTIAL, PUNITIVE OR INCIDENTAL DAMAGES EVEN IF YOU GIVE NOTICE OF THE POSSIBILITY OF SUCH DAMAGE.

1.F.3. LIMITED RIGHT OF REPLACEMENT OR REFUND - If you discover a defect in this electronic work within 90 days of receiving it, you can receive a refund of the money (if any) you paid for it by sending a written explanation to the person you received the work from. If you received the work on a physical medium, you must return the medium with your written explanation. The person or entity that provided you with the defective work may elect to provide a replacement copy in lieu of a refund. If you received the work electronically, the person or entity providing it to

you may choose to give you a second opportunity to receive the work electronically in lieu of a refund. If the second copy is also defective, you may demand a refund in writing without further opportunities to fix the problem.

1.F.4. Except for the limited right of replacement or refund set forth in paragraph 1.F.3, this work is provided to you 'AS-IS', WITH NO OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PURPOSE.

1.F.5. Some states do not allow disclaimers of certain implied warranties or the exclusion or limitation of certain types of damages. If any disclaimer or limitation set forth in this agreement violates the law of the state applicable to this agreement, the agreement shall be interpreted to make the maximum disclaimer or limitation permitted by the applicable state law. The invalidity or unenforceability of any provision of this agreement shall not void the remaining provisions.

1.F.6. INDEMNITY - You agree to indemnify and hold the Foundation, the trademark owner, any agent or employee of the Foundation, anyone providing copies of Project Gutenberg™ electronic works in accordance with this agreement, and any volunteers associated with the production, promotion and distribution of Project Gutenberg™ electronic works, harmless from all liability, costs and expenses, including legal fees, that arise directly or indirectly from any of the following which you do or cause to occur: (a) distribution of this or any Project Gutenberg work, (b) alteration, modification, or additions or deletions to any Project Gutenberg work, and (c) any Defect you cause.

Section 2. Information about the Mission of Project Gutenberg

Project Gutenberg is synonymous with the free distribution of electronic works in formats readable by the widest variety of computers including obsolete, old, middle-aged and new computers. It exists because of the

efforts of hundreds of volunteers and donations from people in all walks of life.

Volunteers and financial support to provide volunteers with the assistance they need are critical to reaching Project Gutenberg's goals and ensuring that the Project Gutenberg collection will remain freely available for generations to come. In 2001, the Project Gutenberg Literary Archive Foundation was created to provide a secure and permanent future for Project Gutenberg and future generations. To learn more about the Project Gutenberg Literary Archive Foundation and how your efforts and donations can help, see Sections 3 and 4 and the Foundation information page at www.gutenberg.org.

Section 3. Information about the Project Gutenberg Literary Archive Foundation

The Project Gutenberg Literary Archive Foundation is a non-profit 501(c)(3) educational corporation organized under the laws of the state of Mississippi and granted tax exempt status by the Internal Revenue Service. The Foundation's EIN or federal tax identification number is 64-6221541. Contributions to the Project Gutenberg Literary Archive Foundation are tax deductible to the full extent permitted by U.S. federal laws and your state's laws.

The Foundation's business office is located at 41 Watchung Plaza #516, Montclair NJ 07042, USA, +1 (862) 621-9288. Email contact links and up to date contact information can be found at the Foundation's website and official page at www.gutenberg.org/contact

Section 4. Information about Donations to the Project Gutenberg Literary Archive Foundation

Project Gutenberg™ depends upon and cannot survive without widespread public support and donations to carry out its mission of increasing the number of public domain and licensed works that can be freely distributed in machine-readable form accessible by the widest array of equipment

including outdated equipment. Many small donations (\$1 to \$5,000) are particularly important to maintaining tax exempt status with the IRS.

The Foundation is committed to complying with the laws regulating charities and charitable donations in all 50 states of the United States. Compliance requirements are not uniform and it takes a considerable effort, much paperwork and many fees to meet and keep up with these requirements. We do not solicit donations in locations where we have not received written confirmation of compliance. To SEND DONATIONS or determine the status of compliance for any particular state visit www.gutenberg.org/donate.

While we cannot and do not solicit contributions from states where we have not met the solicitation requirements, we know of no prohibition against accepting unsolicited donations from donors in such states who approach us with offers to donate.

International donations are gratefully accepted, but we cannot make any statements concerning tax treatment of donations received from outside the United States. U.S. laws alone swamp our small staff.

Please check the Project Gutenberg web pages for current donation methods and addresses. Donations are accepted in a number of other ways including checks, online payments and credit card donations. To donate, please visit: www.gutenberg.org/donate.

Section 5. General Information About Project Gutenberg electronic works

Professor Michael S. Hart was the originator of the Project Gutenberg concept of a library of electronic works that could be freely shared with anyone. For forty years, he produced and distributed Project Gutenberg eBooks with only a loose network of volunteer support.

Project Gutenberg eBooks are often created from several printed editions, all of which are confirmed as not protected by copyright in the U.S. unless a

copyright notice is included. Thus, we do not necessarily keep eBooks in compliance with any particular paper edition.

Most people start at our website which has the main PG search facility:
www.gutenberg.org.

This website includes information about Project Gutenberg, including how to make donations to the Project Gutenberg Literary Archive Foundation, how to help produce our new eBooks, and how to subscribe to our email newsletter to hear about new eBooks.

TEST 1. READING: PARAGRAPH MEANING

Sample: Dick and Tom were playing ball in the field. Dick was throwing the ball and
was trying to catch it.

Write **JUST ONE WORD** on each dotted line.

- 1 Fanny has a little red hen. Every day the hen goes to her nest and lays an egg for Fanny to eat. Then she makes a funny noise to tell Fanny to come and get the
- 2 A kitten can climb a tree, but a dog cannot. This is very lucky for Nellie's kitten. Every time Joe's big dog comes along the kitten climbs a tree and the cannot follow.
- 3 Anna had never seen a squirrel in her life, although she had always wanted to very much. One day when she was playing under a tree she heard a funny little noise over her head. She looked up, and what do you think she saw? Up there in the..... was the very thing she had always wanted to see, a
- 4 John and Joe played one day till they were very hungry; so John went into the house and asked his mother for something to When he came out again he had a big apple for himself and another for
- 5 One day when Jane was sweeping she found a dime on the floor under the bed. They could not find out whose dime it was, so Jane's mother gave it to her. Now, every time Jane the floor she looks carefully under the bed for another.....
- 6 Helen and Kate pulled their sled through the deep snow to the top of the hill and soon were coasting swiftly down again. They did this over and over. The was so deep that they found it hard work to drag the to the top.
- 7 Once a black raven wanted to have white feathers like a swan. The raven saw that the swan lived in the water, and thought it was the water that made the swan's feathers so white. So the decided to wash his feathers every day to see if it *would not make them*
- 8 Birds' eggs are almost as different from each other as are the birds themselves. The robin lays four or five blue eggs. The dove lays two white eggs. The sparrow lays six or eight speckled eggs. If we should find a nest with four blue eggs in it, we could be pretty sure that it was the nest of a rather than of a or dove.
- 9 Once there lived on a mountain near a village an immense giant whose cruelty kept the people of the village in great terror. However, there was one person in the village who was not afraid of the giant. This was a young soldier who carried a magic sword that a fairy had given him. Once when the came down from the the soldier attacked him with his magic and killed him.
- 10 Once a hen was so foolish as to go to a fox and ask him to look after her chicks while she went to the barnyard to find some worms for her chicks. The fox was of course quite willing. The hen was gone a long time. When she finally returned, she found that the fox had eaten all her chicks. Since then no has employed a as a nurse.

Turn the page and go right on.

TEST 1, CONTINUED

- 11 When the bear appeared near the hut, Walter was alone. His father had driven to the village, that morning, several miles away. Fortunately he had left his gun hanging on the wall loaded and ready for service. Walter was excited, but he did not hesitate. Quickly seizing the he the
- 12 In a certain village a ton of coal costs just as much as a cord of wood, but it produces twice as much heat. Therefore the poor families in this village should be advised to burn rather than
- 13 "Come on," called Joe, "let's go for a swim down by Jones' Point, where the river is deep." "No," said Pete, "let's swim down by Duggan's, where the water is warmer." "It isn't because the water is warm that you want to go to, but because you can't swim," said
- 14 Richard and Miss Cabot quickly found their way alone to the house of Mr. Smith on Craven Street. Miss Cabot left Richard in the carriage, walked quickly to the door, and sending up her card by the servant, requested to see Mr. Smith. The soon returned and begged her to come in. As soon as she had done so, Miss Cabot introduced herself to Mr. and begged him to come out and talk with, who was waiting outside in the carriage.
- 15 Joe made up a game which he called "Jac-alack." One person called Jack must climb a tree and hang by his arms from a low bough. The others stand behind him and say in unison, "Alas, alack, he fell on his back," and while they are saying it, one of them hits Jack with a bean bag. If Jack can see or guess who did it, he may drop down, and the guilty person takes his place. Otherwise he has to there for another turn and sing out, "Alas, alack, another whack." It is quite a game and Jack must have strong
- 16 It is well established that the bee, which is commonly supposed to be so industrious, really works only two or three hours a day. The man who works eight or ten hours a day is therefore far more than the
- 17 Boys and girls know my name. And mothers and fathers, too. Big folks love me. You do, too. The first letters in the first four sentences of this paragraph spell my name; so write it here.....
- 18 Energy is a measure of the fullness of life and is indispensable for genius. No energy at all is death. Idiots are feeble and listless. Nearly all the leaders of mankind have been noted for their remarkable
- 19 Deciduous trees lose their leaves in winter, while evergreens, as their name implies, do not. Therefore, in forests composed of trees the ground is less shaded in winter than is the case in forests whose trees are
- 20 Some historians believe that the spread of anti-slavery feeling among the people of the North previous to the Civil War was due less to the moral issue involved than to the fact that they recognized the system of as a menace to the industrial system of free labor.

Go right on to next page.

TEST 1, CONTINUED

- 21 If I were writing about the rich, I should be inclined to divide them, according to their attitude toward life, into workers and parasites. The motto of the worker is, "I owe the world a life," and the motto of the is, "The owes me a living."
- 22 Caution, when not present in excess, is a desirable trait. Often it saves one from disappointment or failure. Occasionally, however, one finds a person so extremely that his will is paralyzed and he is totally unable to set about any new undertaking. Too much is indeed often than too little.
- 23 A whale is not a fish, even though it does live in water. A fish has no lungs, is cold-blooded, and absorbs oxygen from the water through its gills; but a whale is warm-blooded and has a genuine set of lungs. In consequence, in bodily structure the is like a shark, which is a true fish, than it is like a horse.
- 24 The brook on our farm has many whims. It ripples over bright and shiny rocks, and falls into a placid little pool so clear that I can see the pebbles on the bottom and can see myself down there, too. As I look straight down, it is hard to tell whether what I see is my nose or a, but as I move a little, that which I see stands still, so I know it is not Farther on the brook forgets the placid pool and tumbles over roots and rocks. It does, indeed, have many
- 25 To pant for recognition, to yearn to impress one's personality upon one's fellow-men, is the essence of ambition. The ambitious person may think that he merely thirsts to "do something" or "be somebody," but really what he craves is to figure potently in the minds of others, to be greatly loved, admired, or feared. To reap a success which no one does not satisfy the yearnings of the individual.
- 26 Washington was a very silent man. Of no man in the world's history do we have so few sayings of a personal kind. As for talking about himself, that was something in which he almost never indulged. Yet it would be a great error to interpret his as an indication that he was in any sense cold or unfeeling.
- 27 As a rule, it is more economical to remember things by associating them clearly and vigorously than by going through many repetitions of them. Thus, a clear understanding of the causes for the Democratic victory in the national election in 1916 will be effective in remembering the fact than a dozen of the statement "Woodrow Wilson was elected in 1916."
- 28 Fundamentally, education depends upon the capacity of a person to profit by past experiences. Past situations modify present and future adjustments. Education in its broadest sense means acquiring experiences that serve to existing inherited or acquired tendencies of behavior.
- 29 "Naïve" and "unsophisticated" are frequently confused. The former suggests a type of behavior which is artless, spontaneous, and free from the restraints of custom. The latter implies fully as great lack of knowledge of social usage, and, in addition, conduct which is primitive and perchance inelegant. Thus, the youth was the first to enter the car, and his little sister warmly kissed him in the presence of the king. We may also say that a country boy is with respect to city life and customs.

Test 1. Number right $\times 2$ = Score

TEST 2. READING: SENTENCE MEANING

Samples: Can dogs bark? Yes No
 Does a cat have six legs? Yes No

Read each question and draw a line under the right answer.

-
- | | | | | |
|----|--|-----|----|----|
| 1 | Is milk white? | Yes | No | 1 |
| 2 | Do we sleep in beds? | Yes | No | 2 |

TEST 5. ARITHMETIC: REASONING

Find all the answers as quickly as you can.

Write the answers on the dotted lines.

Use the blank sheets of paper to figure on.

Begin here.

- 1 How many are 3 eggs and 2 eggs? *Answer.....*
- 2 Mary is 7 years old. How old will she be in 3 years? *Answer.....*
- 3 A hen had 9 chicks and 3 of them died. How many were left? *Answer.....*
- 4 Milk costs 8 cents a pint and the milkman is going to raise the price 2 cents. What will it then cost? *Answer.....*
- 5 If you buy a pencil for 4 cents and pay for it with a dime, how much change should you get? *Answer.....*
- 6 How many dimes are there in a dollar? *Answer.....*
- 7 How many eggs are there in 7 nests if each nest has 3 eggs? *Answer.....*
- 8 How many cents will 8 oranges cost at 3 cents each? *Answer.....*
- 9 David earned \$3.50 in June, \$2.25 in July, and \$1.50 in August. How much did he earn in all? *Answer.....*
- 10 Frank bought 3 two-cent postage stamps and 13 one-cent stamps. How much did he pay for all? *Answer.....*
- 11 Five girls buy a present costing 25 cents. How many cents does each pay? *Answer.....*
- 12 If a train goes 60 miles in three hours, how far does it go in one hour? *Answer.....*
- 13 John has saved \$3.75. How many dollars more does he need to buy a pony which costs \$45.75? *Answer.....*
- 14 A man pays the street-car fare for himself and two friends. If the fare is 7¢, how much change should he receive from a half dollar? *Answer.....*
- 15 A train which was due at 2 P.M. was $3\frac{1}{2}$ hours late. When did it arrive? *Answer.....*
- 16 What is the cost of 10 oranges at 2 for 5 cents? *Answer.....*
- 17 Edward has \$1.67 in the bank and takes out 2 quarters, a dime, and a cent. How much does he have left in the bank? *Answer.....*
- 18 What is the cost of a $4\frac{3}{4}$ -pound roast at 40 cents a pound? *Answer.....*
- 19 A boy saved 5 cents a day for two weeks, and 10 cents a day for the next four weeks. How much money does he then have? *Answer.....*
- 20 A gallon is equal to 231 cubic inches. How many gallons are there in a tank 6x7x11 inches? *Answer.....*
- 21 The tax rate in an Eastern city has varied as follows: 1910, 21¢ on each \$100; 1911, 17¢ on each \$100; 1912, 27¢ on each \$100; 1913, 26¢ on each \$100; 1914, 34¢ on each \$100; 1915, 33¢ on each \$100. The highest rate was how many times as great as the lowest? *Answer.....*

Go right on to next page.

TEST 5, CONTINUED

- 22 Henry was marked 87 in geography the first month, 91 the second, and 93 the third month. What was his average grade? *Answer*.....
- 23 If the butcher's scales read one ounce too much on each weighing, how much is a customer overcharged on a pound of steak at 48¢ a pound? *Answer*.....
- 24 At \$1.00 a bushel for potatoes and \$30.00 a car for freight, how much will a 400-bushel carload of potatoes cost? *Answer*.....
- 25 Tom has just 4 weeks' vacation and wishes to spend it in a city which it takes two days to reach by train. How many days can he spend in the city? *Answer*.....
- 26 If a fence rail is 10 feet long, how many rails will it take to reach a mile? *Answer*.....
- 27 Sound travels about 1100 ft. a second. If you see the flash of a cannon and 12 seconds later the sound reaches you, how far away is the cannon? *Answer*.....
- 28 A man had \$5000, from which he received 6 per cent income each year. In addition he earned \$1500 in business. What was his total income for the year? *Answer*.....
- 29 Frank and George buy 300 marbles for 50 cents. Frank pays 35 cents and George 15 cents. How many marbles should George receive? *Answer*.....
- 30 If a watch gains 20 seconds in 24 hours, what fraction of a minute will it gain between noon and 6 P.M.? *Answer*.....
- 31 The heights of 4 boys in a class are 5 feet 10 inches, 5 feet 9 inches, 5 feet 7 inches, and 5 feet 6 inches. What is the average height? *Answer*.....
- 32 An article which formerly sold at 12 cents was raised to 18 cents. What per cent was the price advanced? *Answer*.....
- 33 A broker charges \$25 commission on every sale plus 5 per cent on all over \$200. What would be his commission on a \$500 sale? *Answer*.....
- 34 If 72 per cent of potatoes is water, how many pounds of solid material are there in a ton of potatoes? *Answer*.....
- 35 A man invested \$1000 in each of 3 different bonds. The first paid 8 per cent dividend and the second 6 per cent, but on the third he lost \$5 on each hundred dollars invested. What was his net yearly gain on the three investments? *Answer*.....
- 36 If the circumference of a circle is 12.5664 feet, what is its diameter? *Answer*.....
- 37 The regular price of a certain piece of linen is \$4 per yard. A remnant $1\frac{1}{4}$ yards long is offered at \$2.50. What per cent reduction is made? *Answer*.....
- 38 A man six feet tall casts a shadow 8 feet long at 9 A.M. A telephone pole casts a shadow 100 feet long at the same time. How high is the pole? *Answer*.....
- 39 It costs 43 cents to send a 10-pound parcel post package from New Orleans to Dallas. What will it cost to send an 8-pound package if the cost is 3 cents more on the first pound than on additional pounds? *Answer*.....
- 40 If the hour hand of a clock is 3 inches long and the minute hand is 4 inches long, how far apart are the tips of the two hands at 9 A.M.? *Answer*.....

This image shows a full page of blank primary-ruled paper. It features multiple sets of horizontal lines designed to guide young learners' handwriting. Each set consists of three lines: a solid top line, a dashed middle line, and a solid bottom line. The pattern repeats down the entire page, providing ample space for practicing letter formation and alignment.
