Warranty

Zenith Radio Corporation warrants the parts, transistors, and tubes (including television picture tubes) in any Zenith black and white television receiver or Zenith black and white television combination receiver to be free from defects in material arising from normal usage. Its obligation under this warranty is limited to replacing, or at its option repairing any such parts or transistors or tubes of the receiver which, after regular installation and under normal usage and service, shall be returned within ninety (90) days (one year in case of television picture tubes only) from the date of original consumer purchase of the receiver to the authorized dealer from whom the purchase was made and which shall be found to have been thus defective in accordance with the policies established by Zenith Radio Corporation.

The obligation of Zenith Radio Corporation does not include either the making or the furnishing of any labor in connection with the installation of such repaired or replacement parts, transistors or tubes nor does it include responsibility for any transportation expense.

Zenith Radio Corporation assumes no liability for failure to perform or delay in performing its obligations with respect to the above warranty if such failure or delay results, directly or indirectly, from any cause beyond its control including but not limited to acts of God, acts of government, floods, fires, shortage of materials, and labor and/or transportation difficulties.

CONDITIONS AND EXCLUSIONS

This warranty is expressly in lieu of all other agreements and warranties, expressed or implied, and Zenith Radio Corporation does not authorize any person to assume for it the obligations contained in this warranty and neither assumes nor authorizes any representative or other person to assume for it any other liability in connection with such Zenith television receiver or parts or tubes or transistors thereof.

The warranty herein extends only to the original consumer purchaser and is not assignable or transferable and shall not apply to any receiver or parts or transistors or tubes thereof which have been repaired or replaced by anyone else other than an authorized Zenith dealer, service contractor or distributor, or which have been subject to alteration, misuse, negligence or accident, or to the parts or tubes or transistors of any receiver which have had the serial number or name altered, defaced or removed.

Zenith Radio Corporation is under no obligation to extend this warranty to any receiver for which a Zenith warranty registration card has not been completed and mailed to the Corporation within fifteen (15) days after date of delivery.

NOTE: UHF information in this book applies to models equipped for VHF-UHF reception.

General Notes

1. Place receiver where no bright light will fall on the screen or in the eyes of the viewers.
2. Viewers should not be seated closer than a distance of 5 ft. from the screen for maximum comfort.
3. Place where unimpeded cabinet ventilation is allowed. If receiver is to be placed along a wall allow several inches between wall and cabinet back. This is important for proper ventilation.

WARNING, HIGH VOLTAGE

It is recommended that only your authorized Zenith television technician make repairs or adjustments inside the receiver. A severe shock can result from tampering.

POWER SUPPLY

Do not attempt to operate on DC or line supplies of other voltages or frequency ratings than those stated on the cabinet back.

CABINET STAINS

To preserve the finish on your Zenith Television cabinet, instruments or ornaments with rubber feet should not be placed on it. The chemicals in the rubber feet have a tendency to leave a stain.

PICTURE GLASS

Your Zenith is equipped with the new sealed picture glass and tube. Simply clean it from the front of the set when necessary.

Use lukewarm water and a mild soap solution. Carefully wipe dry with a clean, damp chamois cloth.

Controls

PULL-PUSH ON-OFF SWITCH—VOLUME CONTROL

To turn receiver ON, pull knob outward. To turn receiver OFF, push knob inward. Clockwise rotation of the knob increases the volume, counterclockwise rotation diminishes the volume.

Allow the receiver to warm up for about 1 minute before you wish to use it.

CHANNEL SELECTOR (VHF)

Turn knob to channel desired.

PERMA-SET TUNING CONTROL (VHF) NOTE: Your Zenith has the new Perma-set tuning control.

Each channel has been correctly set at the factory for best picture and sound.

NOTE: Knob Style Varies With Models

FIG. 1—CONTROLS

However, should the settings become mis-adjusted, it is a simple matter to adjust them as follows:

1. Turn the VHF channel selector knob to the channel number desired.
2. Turn VHF perma-set tuning knob until there is no picture.
3. Then turn perma-set tuning knob back slowly for best picture and sound.
4. Repeat for each channel to be set.

TONE CONTROL

Your Zenith is equipped with a tone control which enables you to personally select tonal values of unmatched richness and fidelity. The high tonal register and the "bass" or low frequencies are emphasized by turning the tone control knob. Set knob to the position most pleasing to your ear.

UHF TUNING

First, turn VHF CHANNEL SELECTOR to "UHF" Position. Turn UHF Channel Tuning Control for desired UHF Channel. Then carefully turn UHF Fine Tuning knob for best picture and sound.

Disregard channel numbers 12 and 13 if they appear in the UHF indicator dial of your unit. These are VHF channels to be tuned in with the VHF selector.

PEAK PICTURE (SOME MODELS)

Set this control for best picture crispness in your location. The strength of the signal being received and your personal preference for picture detail will determine the optimum setting.

SERVICE

Your new Zenith television receiver is engineered for dependable long life service but like any mechanical or electrical instrument, it will occasionally require maintenance. For service consult your Zenith dealer or refer to the organization that installed your instrument. (See warranty.)

Picture Adjustments

BRIGHTNESS

Rotate clockwise to increase the brightness; counterclockwise reduces the brightness. It is to be used in conjunction with the contrast control since its movement will also have an effect on picture contrast.

NOTE: The brightness control setting for the picture shown in Figure 2 is set too high. Set the control below this level.

FIG. 2

CONTRAST

Adjust the picture for best distinction between the black and white shading. Your own vision is the best judge in setting this control properly.

NOTE: The contrast control setting for the picture shown in Figure 3 is set too high. Set the control below this level.

FIG. 3

HORIZONTAL HOLD CONTROL

If the picture appears to have a tendency to move across the screen, or if it assumes a broken streaked appearance, as indicated in Figure 4, it should be readjusted to a point where the pictures remain locked in properly on all channels.

FIG. 4

VERTICAL HOLD CONTROL

This control is used in correcting for vertical movement, or rolling up or down. Set control to lock picture. (Fig. 5)

FIG. 5

Interference

The most effective means of reducing interference to a minimum has been built into your Zenith Television receiver. Occasionally however, the picture may be affected by electrical interference or reflections.

AUTO IGNITION AND APPLIANCES

Automobile ignition, electrical appliances, etc., cause a speckled streaked appearing picture as shown. This condition is most noticeable in weak signal areas. (Fig. 6.)

FIG. 6

DIATHERMY

Diathermy produces a distinctive herringbone pattern and one or two horizontal bands across the face of the picture. (Fig. 7). It can sometimes be reduced or eliminated by the insertion of a filter trap at the antenna terminals.

FIG. 7

R.F. INTERFERENCE

Radio signals by a neighboring commercial, amateur or police station may cause interference in the form of moving ripples or diagonal streaks. Television or FM receivers operating near your receiver, can also be the reason for this reaction. (Fig. 8.)

FIG. 8

The insertion of a filter trap at the antenna terminals of the TV receiver will sometimes eliminate or reduce this type of interference.

Antenna Connections

FIG. 9—ANTENNA CONNECTIONS AT CABINET BACK

An outdoor type antenna is recommended for best reception. If such installation is impossible, different type indoor antenna may be used. Quality of reception also depends upon local signal conditions.

Some models are equipped with a di-pole or mono-pole antenna mounted at the cabinet back. To use this antenna, raise and extend rods. Vary the length and position of the rods or rod for best picture and sound.

Under favorable receiving conditions, satisfactory reception may be obtained with a 10 ft. length of antenna wire. (Supplied with some models). Stretch out wire for best reception.

When using a regular outside antenna, disconnect the inside antenna leads from the antenna terminal screws. Connect the antenna transmission line to both of these terminal screws.

THE PROOF OF ZENITH ANTENNA SUPERIORITY IS IN THE PICTURE.

Zenith TV antennas are designed and constructed to provide you maximum service and superior performance. Contact your Zenith dealer for the one that will provide you with the best picture quality.

DIPLEXER

(SEE PAGE 8)

When using a combination VHF-UHF antenna system with a single transmission line it is necessary to have an additional diplexer at the receiver.

Make the transmission line lengths from the diplexer to the VHF and UHF antenna post terminals on the receiver as short as possible. See your Zenith dealer for additional information.

OSCILLATOR ADJUSTMENTS (VHF)

NOTE: The VHF perma-set tuning control on the tuner is also the VHF channel oscillator adjustment. No additional oscillator adjustments are incorporated. Therefore, should re-tuning of a VHF TV channel be required, select the channel and then manually turn the tuning knob for best picture and sound. Each individual VHF channel is tuned in this manner.

A three-year commercial trial of Zenith's Phonevision^[A] systems of over-the-air subscription television has been in progress for the Hartford, Connecticut area since June 29, 1962.

Authorized by the Federal Communications Commission, the trial has made it possible, for the first time, for about 5000 American TV homes to enjoy the convenience and economy of viewing top flight box-office entertainment and other features broadcast to their home receivers. Features at prices for the entire family no greater than a single admission at the theatre, stadium or concert hall. The Hartford test has already furnished factual information, rather than speculation, concerning this brand new television service. On the basis of this factual information, the F.C.C. has been requested to authorize nationwide operation. If the F.C.C. is persuaded by the results of the trial that subscription television is in the public interest and should be authorized nationally, then every home could have its own "television theatre" with the world's greatest and most costly entertainment offered for an admission well below the cost of witnessing these same events outside the home. With such premium-type programs added to entertainment now available from sponsored television, the home viewer would be able to obtain the ultimate of everything he wants to see on his own TV screen.

FUSE REPLACEMENT

Remove cabinet back for access to main chassis fuse if it ever becomes necessary to replace it.

INSTALLATION INSTRUCTIONS FOR S-23427 ZENITH DIPLEXER

The diplexer is designed for use with a combined VHF-UHF antenna system incorporating a single transmission line. Figures A, B, C, and D show diplexer installed on various chassis models. UHF reception should be tried with and without the inductance wire to obtain the best overall results. Disconnect leads from previous antenna system. Install diplexer assembly in manner most suitable to TV chassis model.

NOTE: Always connect the diplexer assembly with coil terminal to VHF antenna terminal.

Creating the works from print editions not protected by U.S. copyright law means that no one owns a United States copyright in these works, so the Foundation (and you!) can copy and distribute it in the United States without permission and without paying copyright royalties. Special rules, set forth in the General Terms of Use part of this license, apply to copying and distributing Project Gutenberg™ electronic works to protect the PROJECT GUTENBERG™ concept and trademark. Project Gutenberg is a registered trademark, and may not be used if you charge for an eBook, except by following the terms of the trademark license, including paying royalties for use of the Project Gutenberg trademark. If you do not charge anything for copies of this eBook, complying with the trademark license is very easy. You may use this eBook for nearly any purpose such as creation of derivative works, reports, performances and research. Project Gutenberg eBooks may be modified and printed and given away—you may do practically ANYTHING in the United States with eBooks not protected by U.S. copyright law. Redistribution is subject to the trademark license, especially commercial redistribution.

THE FULL PROJECT GUTENBERG™ LICENSE

PLEASE READ THIS BEFORE YOU DISTRIBUTE OR USE THIS WORK

To protect the Project Gutenberg™ mission of promoting the free distribution of electronic works, by using or distributing this work (or any other work associated in any way with the phrase “Project Gutenberg”), you agree to comply with all the terms of the Full Project Gutenberg License available with this file or online at www.gutenberg.org/license.

1.A. By reading or using any part of this Project Gutenberg electronic work, you indicate that you have read, understand, agree to and accept all the terms of this license and intellectual property (trademark/copyright) agreement. If you do not agree to abide by all the terms of this agreement, you must cease using and return or destroy all copies of Project Gutenberg electronic works in your possession. If you paid a fee for obtaining a copy of or access to a Project Gutenberg electronic work and you do not agree to be bound by the terms of this agreement, you may obtain a refund from the person or entity to whom you paid the fee as set forth in paragraph 1.E.8.

1.B. “Project Gutenberg” is a registered trademark. It may only be used on or associated in any way with an electronic work by people who agree to be bound by the terms of this agreement. There are a few things that you can do with most Project Gutenberg electronic works even without complying with the full terms of this agreement. See paragraph 1.C below. There are a lot of things you can do with Project Gutenberg electronic works if you follow the terms of this agreement and help preserve free future access to Project Gutenberg electronic works. See paragraph 1.E below.

1.C. The Project Gutenberg Literary Archive Foundation (“the Foundation” or PGLAF), owns a compilation copyright in the collection of Project Gutenberg electronic works. Nearly all the individual works in the collection are in the public domain in the United States. If an individual work is unprotected by copyright law in the United States and you are

located in the United States, we do not claim a right to prevent you from copying, distributing, performing, displaying or creating derivative works based on the work as long as all references to Project Gutenberg are removed. Of course, we hope that you will support the Project Gutenberg mission of promoting free access to electronic works by freely sharing Project Gutenberg works in compliance with the terms of this agreement for keeping the Project Gutenberg name associated with the work. You can easily comply with the terms of this agreement by keeping this work in the same format with its attached full Project Gutenberg License when you share it without charge with others.

1.D. The copyright laws of the place where you are located also govern what you can do with this work. Copyright laws in most countries are in a constant state of change. If you are outside the United States, check the laws of your country in addition to the terms of this agreement before downloading, copying, displaying, performing, distributing or creating derivative works based on this work or any other Project Gutenberg work. The Foundation makes no representations concerning the copyright status of any work in any country other than the United States.

1.E. Unless you have removed all references to Project Gutenberg:

1.E.1. The following sentence, with active links to, or other immediate access to, the full Project Gutenberg License must appear prominently whenever any copy of a Project Gutenberg work (any work on which the phrase “Project Gutenberg” appears, or with which the phrase “Project Gutenberg” is associated) is accessed, displayed, performed, viewed, copied or distributed:

This eBook is for the use of anyone anywhere in the United States and most other parts of the world at no cost and with almost no restrictions whatsoever. You may copy it, give it away or re-use it under the terms of the Project Gutenberg™ License included with this eBook or online at www.gutenberg.org. If you are not located in the United States, you will have to check the laws of the country where you are located before using this eBook.

1.E.2. If an individual Project Gutenberg electronic work is derived from texts not protected by U.S. copyright law (does not contain a notice indicating that it is posted with permission of the copyright holder), the work can be copied and distributed to anyone in the United States without paying any fees or charges. If you are redistributing or providing access to a work with the phrase “Project Gutenberg” associated with or appearing on the work, you must comply either with the requirements of paragraphs 1.E.1 through 1.E.7 or obtain permission for the use of the work and the Project Gutenberg trademark as set forth in paragraphs 1.E.8 or 1.E.9.

1.E.3. If an individual Project Gutenberg electronic work is posted with the permission of the copyright holder, your use and distribution must comply with both paragraphs 1.E.1 through 1.E.7 and any additional terms imposed by the copyright holder. Additional terms will be linked to the Project Gutenberg License for all works posted with the permission of the copyright holder found at the beginning of this work.

1.E.4. Do not unlink or detach or remove the full Project Gutenberg License terms from this work, or any files containing a part of this work or any other work associated with Project Gutenberg.

1.E.5. Do not copy, display, perform, distribute or redistribute this electronic work, or any part of this electronic work, without prominently displaying the sentence set forth in paragraph 1.E.1 with active links or immediate access to the full terms of the Project Gutenberg License.

- You comply with all other terms of this agreement for free distribution of Project Gutenberg™ works.

1.E.9. If you wish to charge a fee or distribute a Project Gutenberg™ electronic work or group of works on different terms than are set forth in this agreement, you must obtain permission in writing from the Project Gutenberg Literary Archive Foundation, the manager of the Project

Gutenberg™ trademark. Contact the Foundation as set forth in Section 3 below.

1.F.

1.F.1. Project Gutenberg volunteers and employees expend considerable effort to identify, do copyright research on, transcribe and proofread works not protected by U.S. copyright law in creating the Project Gutenberg™ collection. Despite these efforts, Project Gutenberg™ electronic works, and the medium on which they may be stored, may contain “Defects,” such as, but not limited to, incomplete, inaccurate or corrupt data, transcription errors, a copyright or other intellectual property infringement, a defective or damaged disk or other medium, a computer virus, or computer codes that damage or cannot be read by your equipment.

1.F.2. LIMITED WARRANTY, DISCLAIMER OF DAMAGES - Except for the “Right of Replacement or Refund” described in paragraph 1.F.3, the Project Gutenberg Literary Archive Foundation, the owner of the Project Gutenberg™ trademark, and any other party distributing a Project Gutenberg™ electronic work under this agreement, disclaim all liability to you for damages, costs and expenses, including legal fees. YOU AGREE THAT YOU HAVE NO REMEDIES FOR NEGLIGENCE, STRICT LIABILITY, BREACH OF WARRANTY OR BREACH OF CONTRACT EXCEPT THOSE PROVIDED IN PARAGRAPH 1.F.3. YOU AGREE THAT THE FOUNDATION, THE TRADEMARK OWNER, AND ANY DISTRIBUTOR UNDER THIS AGREEMENT WILL NOT BE LIABLE TO YOU FOR ACTUAL, DIRECT, INDIRECT, CONSEQUENTIAL, PUNITIVE OR INCIDENTAL DAMAGES EVEN IF YOU GIVE NOTICE OF THE POSSIBILITY OF SUCH DAMAGE.

1.F.3. LIMITED RIGHT OF REPLACEMENT OR REFUND - If you discover a defect in this electronic work within 90 days of receiving it, you can receive a refund of the money (if any) you paid for it by sending a written explanation to the person you received the work from. If you received the work on a physical medium, you must return the medium with your written explanation. The person or entity that provided you with the defective work may elect to provide a replacement copy in lieu of a refund. If you received the work electronically, the person or entity providing it to

1.F.4. Except for the limited right of replacement or refund set forth in paragraph 1.F.3, this work is provided to you 'AS-IS', WITH NO OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PURPOSE.

1.F.5. Some states do not allow disclaimers of certain implied warranties or the exclusion or limitation of certain types of damages. If any disclaimer or limitation set forth in this agreement violates the law of the state applicable to this agreement, the agreement shall be interpreted to make the maximum disclaimer or limitation permitted by the applicable state law. The invalidity or unenforceability of any provision of this agreement shall not void the remaining provisions.

1.F.6. INDEMNITY - You agree to indemnify and hold the Foundation, the trademark owner, any agent or employee of the Foundation, anyone providing copies of Project Gutenberg™ electronic works in accordance with this agreement, and any volunteers associated with the production, promotion and distribution of Project Gutenberg™ electronic works, harmless from all liability, costs and expenses, including legal fees, that arise directly or indirectly from any of the following which you do or cause to occur: (a) distribution of this or any Project Gutenberg work, (b) alteration, modification, or additions or deletions to any Project Gutenberg work, and (c) any Defect you cause.

Section 2. Information about the Mission of Project Gutenberg

Project Gutenberg is synonymous with the free distribution of electronic works in formats readable by the widest variety of computers including obsolete, old, middle-aged and new computers. It exists because of the

efforts of hundreds of volunteers and donations from people in all walks of life.

Volunteers and financial support to provide volunteers with the assistance they need are critical to reaching Project Gutenberg's goals and ensuring that the Project Gutenberg collection will remain freely available for generations to come. In 2001, the Project Gutenberg Literary Archive Foundation was created to provide a secure and permanent future for Project Gutenberg and future generations. To learn more about the Project Gutenberg Literary Archive Foundation and how your efforts and donations can help, see Sections 3 and 4 and the Foundation information page at www.gutenberg.org.

Section 3. Information about the Project Gutenberg Literary Archive Foundation

The Project Gutenberg Literary Archive Foundation is a non-profit 501(c)(3) educational corporation organized under the laws of the state of Mississippi and granted tax exempt status by the Internal Revenue Service. The Foundation's EIN or federal tax identification number is 64-6221541. Contributions to the Project Gutenberg Literary Archive Foundation are tax deductible to the full extent permitted by U.S. federal laws and your state's laws.

The Foundation's business office is located at 41 Watchung Plaza #516, Montclair NJ 07042, USA, +1 (862) 621-9288. Email contact links and up to date contact information can be found at the Foundation's website and official page at www.gutenberg.org/contact

Section 4. Information about Donations to the Project Gutenberg Literary Archive Foundation

Project Gutenberg™ depends upon and cannot survive without widespread public support and donations to carry out its mission of increasing the number of public domain and licensed works that can be freely distributed in machine-readable form accessible by the widest array of equipment

including outdated equipment. Many small donations (\$1 to \$5,000) are particularly important to maintaining tax exempt status with the IRS.

The Foundation is committed to complying with the laws regulating charities and charitable donations in all 50 states of the United States. Compliance requirements are not uniform and it takes a considerable effort, much paperwork and many fees to meet and keep up with these requirements. We do not solicit donations in locations where we have not received written confirmation of compliance. To SEND DONATIONS or determine the status of compliance for any particular state visit www.gutenberg.org/donate.

While we cannot and do not solicit contributions from states where we have not met the solicitation requirements, we know of no prohibition against accepting unsolicited donations from donors in such states who approach us with offers to donate.

International donations are gratefully accepted, but we cannot make any statements concerning tax treatment of donations received from outside the United States. U.S. laws alone swamp our small staff.

Please check the Project Gutenberg web pages for current donation methods and addresses. Donations are accepted in a number of other ways including checks, online payments and credit card donations. To donate, please visit: www.gutenberg.org/donate.

Section 5. General Information About Project Gutenberg electronic works

Professor Michael S. Hart was the originator of the Project Gutenberg concept of a library of electronic works that could be freely shared with anyone. For forty years, he produced and distributed Project Gutenberg eBooks with only a loose network of volunteer support.

Project Gutenberg eBooks are often created from several printed editions, all of which are confirmed as not protected by copyright in the U.S. unless a

copyright notice is included. Thus, we do not necessarily keep eBooks in compliance with any particular paper edition.

Most people start at our website which has the main PG search facility:
www.gutenberg.org.

This website includes information about Project Gutenberg, including how to make donations to the Project Gutenberg Literary Archive Foundation, how to help produce our new eBooks, and how to subscribe to our email newsletter to hear about new eBooks.
