Aunt Sammy came to life with the first radio broadcast of 1 “Housekeeper’s Chat” on October 4, 1926. The character of Aunt Sammy—wife of Uncle Sam—was created by the USDA Bureau of Home Economics and the Radio Service. Many women across the country played the part as they spoke into the microphones of local radio stations.

The highlights of Aunt Sammy’s show were the menus and recipes, but Aunt Sammy also talked about clothing, furniture, appliances, and other family and household matters. Aunt Sammy wasn’t just a homebody, however. She commented on world affairs, reported the latest fads, and told jokes. The talk moved easily from one subject to another, always natural and entertaining as well as informative.

Aunt Sammy soon became popular. By the end of the first year her program was carried by 43 radio stations. By 1932, 194 stations were broadcasting

Aunt Sammy's show. A number of the stations were broadcasting the show five times a week.

Many listeners wrote for copies of the recipes, and the Bureau of Home Economics answered these requests with weekly mimeographed sheets. In 1927 the most popular recipes were assembled into a pamphlet. The demand was so great that it had to be reprinted after only a month. "Aunt Sammy's Radio Recipes" was revised and enlarged three times between 1927 and 1931. In 1932 it became the first cookbook published in braille.

Aunt Sammy faded out during the Great Depression. After 1934 the name Aunt Sammy was no longer used. The radio show became drier and more factual and was renamed "Homemaker Chats." In 1946 it was discontinued.

Today, consumers are still looking to USDA for information on how to make the best use of the food available to them. A research program in the Consumer and Food Economics Institute of the Science and Education Administration provides the basis for numerous laboratory-tested recipes.

Current recipes emphasize time-saving techniques, moneysaving ingredients, and good nutrition. Taste panels are used to evaluate new recipes. 2

Ruth Van Deman, one of the authors of the original “Aunt Sammy’s Radio Recipes.” Fannie Walker Yeatman was the other author.

Research has provided a group of publications for the consumer on specific foods such as fruits, vegetables, eggs, beef, poultry, cheese, milk, and soybeans. The series is designed to give information about buying, storing, and using specific commodities. These and other publications help consumers use a wide variety of foods to obtain nutritious, appetizing, and economical meals.

Providing directions for home canning and freezing is another service of the Consumer and Food Economics Institute. Publications give safe procedures for preserving fruits, vegetables, meats, and poultry. Many thousands of these publications have been distributed to consumers, and the procedures have been widely used by others who make recommendations to the public about food preservation. Still other publications tell how to store food properly for maximum quality and safety.

This 50th anniversary recipe collection includes recipes from current publications and a selection of recipes from the first edition of “Aunt Sammy’s Radio Recipes.” All of these recipes have been retested in the laboratory and found acceptable by taste panels.

RECIPES FROM THE 1920's ...

Soups

Onion Soup Au Gratin

3 cups meat broth.
6 medium-sized onions, chopped.
½ teaspoon salt.
4 tablespoons flour.
2 tablespoons cold water.
Pepper.
Toast.
Parmesan cheese.

Cook the chopped onions in a small amount of water until tender. Add 2 tablespoons of fat from the meat broth or the same quantity of butter and let the onions cook down in this until they are yellow. Mix them with the 3 meat broth and salt and thicken with the flour and cold water which have been blended. Cook for a few minutes. Season with pepper as desired. Pour the soup into bowls or soup plates, place on top a round or slice of toasted bread, and sprinkle grated cheese over the bread and soup. Serve at once.

Milk-Vegetable Soups

Milk-vegetable soups are made from cooked vegetables (chopped or sliced) and milk slightly thickened. The vegetables may be asparagus, peas, beans of various kinds, celery, potatoes, turnips, carrots, spinach, onions, corn, cabbage, or almost any other vegetable. Some of these are good in combination, such as potatoes and onions, potatoes and turnips, turnips and carrots.

2 cups milk.
1 tablespoon flour or less.
1 tablespoon butter.

Salt.

$\frac{2}{3}$ cup cooked vegetables, finely chopped, mashed or strained.

Thicken the milk with the flour as for white sauce. Add the other ingredients. If the vegetable is starchy, use less flour or thin the soup with milk. The vegetables should be finely chopped, mashed, or strained, so that they will blend well with the thickened milk.

Main Dishes

Shepherd's Pie

Grease a 2-quart baking dish and cover the sides with a thin layer of seasoned mashed potato. Use about 2½ cups potato. Fill the center with about 4½ cups well-seasoned, slightly thickened stew, creamed chicken, or creamed fish. There should be no potatoes in the stew. Cover the top with 1 cup mashed potato and bake in a hot oven (400°F.) until the pie is hot through and slightly browned on top.

NOTE: The recipe for Beef Stew on [page 13](#) may be used.

Fricasseed Chicken with Dumplings

Cut chicken into pieces for serving. Roll each piece in flour and brown in hot fat. Browning the chicken before cooking it helps retain and develop the flavor. After the pieces are browned, simmer until tender in enough water to cover. When it is done, take the chicken out and cook dumplings in the gravy. Serve the chicken in the center of a platter with the dumplings around the edge. Pour the gravy over the chicken.

4

Dumplings

1 cup flour.
2½ teaspoons baking powder.
½ teaspoon salt.
1 egg.
⅓ cup milk.

Sift the flour, baking powder and salt together. Beat the egg well, add the milk, and mix with the dry ingredients. Drop by small spoonfuls into the chicken gravy. Cover tightly and cook for 15 minutes. The top must not be

removed while the dumplings are cooking. If the steam escapes, the dumplings will not be light.

Baked Cheese and Macaroni

2 cups macaroni or spaghetti, broken in small pieces.

4 tablespoons flour.

4 tablespoons butter.

2 cups milk.

$\frac{3}{4}$ pound American cheese.

1 teaspoon salt.

Butter.

Soft bread crumbs.

Cook the macaroni or spaghetti in 2 quarts of boiling salted water until tender. Drain. Make a sauce with the flour, butter, milk, and salt. Grate or cut the cheese into the sauce, reserving a little to grate over the top of the dish.

Place the macaroni in a buttered baking dish, in alternate layers with the cheese sauce. Scatter the extra grated cheese over the top with buttered bread crumbs. Bake in a moderate oven (350°F.) until the sauce and macaroni are hot through and the crumbs are brown.

Smothered Ham with Sweetpotatoes

1 slice of smoked ham, cut into sizes for serving.

3 cups raw, sliced sweetpotatoes.

1 tablespoon butter or ham drippings.

2 tablespoons sugar.

1 cup hot water.

Brown the ham lightly on both sides and arrange it to cover the bottom of a baking dish. Spread the sliced sweetpotatoes over the ham. Sprinkle with sugar. Add the hot water and fat. Cover the dish and bake slowly at 350°F. (moderate oven) until the ham is tender. Baste the potatoes occasionally with the liquid. Brown the top well.

Creamed Oysters

1 quart oysters.

2½ cups milk and oyster liquor.

½ cup butter.

½ cup flour.

1 teaspoon salt.

⅛ teaspoon pepper.

¼ teaspoon onion juice, if desired.

Cook the oysters in their liquor until the edges begin to curl. Do not let 5 them cook too long or they will be tough. Strain off the liquor. To about 1 cup of this liquor, add enough milk to make 2½ cups. Melt the butter and add the flour, stirring until blended. Add the liquid. Cook for 5 or 10 minutes to do away with the starchy flavor of the flour. Add the oysters and seasoning and serve at once in patty shells or on toast. If creamed oysters stand, the sauce becomes thin.

Vegetables

Harvard Beets

6 medium-sized beets.
½ cup sugar.
½ tablespoon cornstarch.
½ cup vinegar.
2 tablespoons butter.

Wash beets, cook in boiling water until tender, remove the skins, and cut the beets into thin slices or cubes. Mix the sugar and cornstarch. Add the vinegar, and let the sauce boil for 5 minutes, stirring constantly. Just as the sauce is taken from the fire add the butter. Pour sauce over beets. Let them stand on the back of the stove for a few minutes so that the beets may absorb the sweet-sour flavor of the sauce.

Baked Cucumbers

3 good-sized cucumbers.
¾ cup fine dry breadcrumbs.
3 tablespoons butter.
½ teaspoon salt.
1½ tablespoons chopped onion.
1½ teaspoons finely chopped parsley.
1 tablespoon chopped celery.
1 cup tomatoes cut in pieces.

Wash cucumbers and cut in half lengthwise. Scoop out as much as possible of the pulp without breaking the skin. Brown the onion in the fat, add other ingredients mixed with the cucumber pulp. Stir constantly, and cook five minutes, or until dry. Place the filling in the cucumber shells and bake until the shells are soft and the mixture is brown on top.

Browned Parsnips

Scrub parsnips clean, drop into boiling, lightly salted water, and cook for 15 to 30 minutes or until tender. Drain, scrape off the skin, split lengthwise, and pull out the stringy cores. Dip the pieces in flour and fry in fat until golden brown.

6

Corn Fritters

1 cup liquid, either juice from canned corn or milk, or the two mixed.
1 cup drained canned corn.
1¾ cups sifted cake flour
1 tablespoon melted fat.
1 egg.
2 teaspoons baking powder.
¾ teaspoon salt.

Mix the flour, baking powder, and salt. Mix the juice from the canned corn or milk, or whatever liquid is used, the egg after it has been beaten slightly, and the canned corn. Stir this liquid mixture gradually into the dry ingredients. Add the melted fat. If the corn is very moist, even after the liquid has been drained from it, more flour may be needed.

Fry the corn fritters in deep fat, or if preferred, in a skillet in shallow fat. In either case, drop the mixture by spoonfuls into the fat and fry rather slowly. The fritters need time to cook through to the center before the outside becomes too brown. Drain the fritters on absorbent paper and serve hot.

Scalloped Onions and Peanuts

6 medium-sized onions.
½ cup peanuts, ground.
1 cup thin white sauce, made with 1 tablespoon flour, 1 tablespoon butter, and 1 cup milk.

Cook the skinned onions in boiling water until tender. Drain and slice with a sharp knife. Place the onions in layers in a greased baking dish, cover each layer with the cream sauce and the peanuts, and continue until all ingredients are used. Cover the top with buttered crumbs and bake in a moderate oven (350°F.) until golden brown. Serve from the baking dish.

Fruits

Fried Apples and Bacon

Select about six good tart apples. Peel them. Cut them in 1-inch cubes. Fry the bacon in a heavy skillet. As soon as the slices of bacon are crisp, remove and drain them on clean brown paper and keep in a warm place. Leave about one-fourth cup bacon fat in the skillet and fill it with apples. Sprinkle on 3 tablespoons of sugar. Apples fried this way require a little more sugar than ordinary fried apples. Cover the apples. Cook slowly until tender. Then remove the cover and turn apples gently, so the pieces will keep their shape. Let them brown lightly. They are then almost transparent. Place them on a hot platter, and surround them with the crisp bacon.

7

Scalloped Apples

Pare, core, and slice tart apples, preferably those of a kind that will hold their shape when cooked. Place a layer of the sliced apples in a baking dish, sprinkle with sugar, dot with butter, or pour on a little melted butter. Put in another layer of apples and keep on until the dish is heaping full. Press the apples down and put in as many as possible. Cover the dish and cook the apples slowly for 1 to 1½ hours in a 300°F. (slow) oven. Fifteen minutes before the apples are to be served, remove the cover and spread buttered bread crumbs over the top. Return to the oven and let the crumbs become golden brown and crisp. The apples themselves will be in whole pieces and almost transparent. Some kinds will be pink in color. Scalloped apples are good served hot with main course of dinner or supper.

Salads

Cabbage and Carrot Salad

Use equal parts of grated carrots and finely shredded cabbage. Mix the carrots and cabbage together with salad dressing until well blended. Serve on crisp lettuce.

Stuffed Celery

Cut the celery into pieces convenient for handling. Fill the hollow of the celery stalks with cream cheese mixed with chopped pimiento, green pepper, and chopped nuts. Serve on the plate with another salad or as a relish.

Potato Salad

4 medium-sized potatoes.
1 cup finely cut celery.
1½ teaspoons salt.
1 teaspoon grated onion or more.
¼ cup chopped pickle.
1 cup salad dressing.

Cook the potatoes in their jackets in boiling salted water. As soon as the potatoes are tender, but not soft, drain them and remove the skins. When they are cold, cut the potatoes in small uniform cubes. Add the celery, onion, pickle, salt, and salad dressing. Mix together lightly to avoid breaking the potatoes and making them mushy. Chill thoroughly and serve on crisp lettuce leaves.

Tomato Aspic Salad

2 envelopes gelatin.
1 quart canned tomatoes.
1 tablespoon finely chopped green pepper.
2 tablespoons finely chopped celery.
1 tablespoon finely chopped parsley.
1 cup very finely shredded cabbage.
1½ teaspoons salt.
½ teaspoon onion juice.
½ teaspoon sugar.

Soak the gelatin in a small quantity of water. Boil the tomatoes for 5 minutes and strain through a fine sieve to remove the seeds. Pour the hot tomato juice over the gelatin and stir until it is dissolved. Add the salt, onion juice, and the sugar and chill. When the gelatin mixture is partly set, add the finely shredded vegetables and mix well. Add more salt if needed. Pour into wet custard cups and place in the cold until set. Turn these molds out on crisp lettuce leaves and serve with mayonnaise.

Breads

Boston Brown Bread

1 cup corn meal.
1 cup rye meal.
1 cup whole wheat flour.
1 teaspoon salt.
 $\frac{3}{4}$ cup molasses.
2 cups sour milk and $1\frac{1}{2}$ teaspoons soda, or $1\frac{3}{4}$ cups sweet milk and 4 teaspoons baking powder.

Mix and sift the dry ingredients; add the molasses and the milk. Beat the mixture thoroughly. Pour the batter into a greased tin can or mold until it is about three-fourths full. Cover, and steam for $3\frac{1}{2}$ hours. Remove the cover, and bake the bread in a moderate oven for $\frac{1}{2}$ hour to dry it off. If the bread seems likely to crumble, loop a clean string around the loaf and cut slices by pulling the ends of the string.

Cheese Straws

1 cup flour.
 $\frac{1}{2}$ teaspoon salt.
 $\frac{1}{4}$ cup fat.
1 cup grated cheese.
 $\frac{1}{16}$ teaspoon cayenne.
3 tablespoons water.

Cut the flour, salt, cayenne, fat, and one-half of the cheese together with a biscuit cutter until the mass is well blended. Add the water and mix well. Toss on a slightly floured board and roll 2 or 3 times until the dough is smooth. Sprinkle on one half of the remainder of the cheese and roll again. Repeat this until all the cheese is used. Roll the mass out until about $\frac{1}{4}$ inch thick. Cut in strips $\frac{1}{2}$ inch wide and 6 inches long. Place the strips on a baking sheet and bake until a delicate brown, in a hot oven, about 400°F.

Waffles

1½ cups milk.
2 cups sifted cake flour.
3 tablespoons fat.
2 eggs.
3 teaspoons baking powder.
1½ tablespoons sugar.
¾ teaspoon salt.

Mix the dry ingredients, add the milk and egg yolks, then the melted fat, and lastly fold in the beaten whites of eggs. Have the waffle iron hot enough to brown the waffle quickly and well greased unless it is the electrically heated aluminum kind. In that case, add an extra tablespoon of melted shortening to the batter.

Desserts

Chocolate Souffle

½ cup sugar.
½ cup fine dry bread crumbs.
1 tablespoon flour.
1 tablespoon butter.
1½ squares unsweetened chocolate.
½ teaspoon salt.
¾ cup milk.
4 eggs.
½ teaspoon vanilla.

Mix the flour and butter, add the milk, and stir over heat until thickened. Melt the chocolate over steam, and add to the cream sauce, with the salt, bread crumbs, sugar, vanilla, and well beaten egg yolks. Beat well. Fold in the well beaten whites of the eggs. Pour into a greased 1½ quart pudding dish and bake in a slow oven (325°F.) for 1 hour, or until well set in the middle. Serve hot with the hard sauce ([page 9](#)).

Hard Sauce

¼ cup butter.
¾ cup powdered sugar.
½ teaspoon vanilla.
⅛ teaspoon grated nutmeg.

Cream together the butter and sugar, add the vanilla and nutmeg. The secret of creamy hard sauce lies in long beating. Chill before serving.

Rocks

1½ cups light brown sugar.
1 cup butter.
3 eggs, well beaten.

½ teaspoon soda in a little hot water.
1 teaspoon cinnamon.
3 cups raisins, chopped.
1 cup English walnut meats, chopped.
2¾ cups flour.
½ teaspoon salt.

Cream the butter and sugar and add the eggs. Sift the dry ingredients, reserving some flour to roll the raisins and nuts. Mix all together. Place by teaspoonfuls on a greased pan and bake in a hot oven (375°F.).

10

Baked Caramel Custard

1 quart milk.
5 eggs.
½ cup sugar.
½ teaspoon vanilla.
¼ cup caramel sirup.
¼ teaspoon salt.
Butter.

Heat the milk slightly with the sugar, salt, and caramel sirup. Be sure the caramel sirup is entirely dissolved before this mixture is poured into the lightly beaten eggs. Add the vanilla. Pour the mixture into custard cups, and add a small piece of butter to each. Bake in a pan surrounded by water in a slow oven (325°F.). Test by placing the point of a knife in the center of the custard and if it comes out clean remove the cups of custard at once from the hot water. The custards may be served either hot or cold with caramel sirup if more caramel flavor is desired.

Sugar can be caramelized easily by placing it in a heavy skillet over slow even heat, and stirring it constantly until it melts and becomes a heavy brown sirup. As soon as it reaches this stage take it from the fire at once, and use it for flavoring and sweetening the custard.

Apple Dumplings

Roll the pastry in a thin sheet and cut it in rounds. Place a whole, cored apple in center of each round of pastry.

Sprinkle sugar over the apple, dot with butter, and bring the edges of the pastry together over the apple. Bake in muffin pans, in a moderate oven (350°F.) until apple is tender, about 1 hour. Serve hot with hard sauce ([page 9](#)).

Sour Cream Pie

1 cup sour cream.
1 cup sugar.
1 cup seeded raisins, cut fine.
2 eggs.
½ teaspoon powdered cinnamon.
½ teaspoon powdered cloves.
⅛ teaspoon salt.
2 tablespoons vinegar.

Beat the eggs. Mix the spices with the sugar, and add to the eggs with the raisins, cream, salt, and vinegar. Beat well. Pour the mixture into a deep, pastry-lined pie pan. Moisten the outer rim of the pastry, and press the top crust over the lower one to hold in the custard. Bake in a moderate oven (350°F.) until golden brown.

11

Date Pudding

1½ cups pitted dates.
½ cup milk.
1 cup chopped nuts.
1 cup sugar.
3 eggs.
1 cup flour.
2 tablespoons butter.
1 teaspoon vanilla.
1 teaspoon baking powder.
¼ teaspoon salt.

Mix the butter and sugar and add the beaten eggs and milk. Sift the dry ingredients and add them to the liquid mixture, reserving enough flour to coat the dates and nuts. Add them and the vanilla. Bake in a shallow greased pan in a very slow oven (250°F.) for 1 hour 45 minutes, until set in the center. Cut in squares and serve with whipped cream.

Pumpkin Pie

1½ cups cooked pumpkin.
1 cup milk.
½ cup sugar.
1 teaspoon cinnamon.
½ teaspoon salt.
½ teaspoon allspice.
¼ teaspoon mace.
2 eggs.
1 tablespoon butter.

Put all the ingredients, except the eggs and the butter, in the double boiler. Bring to the scalding point. Beat eggs well; stir a small amount of hot mixture into the eggs; stir egg mixture into the remaining hot mixture. Stir until it starts to thicken. Add the butter. Line a pie pan with pastry and bake until light brown. Pour the hot filling into a baked crust. Bake the pie in a moderately hot oven (400°F.) until the filling sets.

Applesauce Cake

1 cup sugar.
½ cup fat.
1 cup applesauce, unsweetened.
1 cup raisins, chopped.
2 tablespoons flour.
½ teaspoon cloves.
½ teaspoon cinnamon.
¼ teaspoon nutmeg.
2½ cups sifted cake flour.
1 teaspoon soda mixed with 2 tablespoons water.
½ teaspoon salt.

Cream the sugar and fat, add the applesauce and the soda which has been dissolved in the water. Mix and sift the dry ingredients and add them, with the floured raisins, to the first mixture. Beat well, pour into a greased pan, and bake in a moderate oven (350°F.) for about 35 minutes.

Section 2. Information about the Mission of Project Gutenberg

Project Gutenberg is synonymous with the free distribution of electronic works in formats readable by the widest variety of computers including obsolete, old, middle-aged and new computers. It exists because of the

efforts of hundreds of volunteers and donations from people in all walks of life.

Volunteers and financial support to provide volunteers with the assistance they need are critical to reaching Project Gutenberg's goals and ensuring that the Project Gutenberg collection will remain freely available for generations to come. In 2001, the Project Gutenberg Literary Archive Foundation was created to provide a secure and permanent future for Project Gutenberg and future generations. To learn more about the Project Gutenberg Literary Archive Foundation and how your efforts and donations can help, see Sections 3 and 4 and the Foundation information page at www.gutenberg.org.

Section 3. Information about the Project Gutenberg Literary Archive Foundation

The Project Gutenberg Literary Archive Foundation is a non-profit 501(c)(3) educational corporation organized under the laws of the state of Mississippi and granted tax exempt status by the Internal Revenue Service. The Foundation's EIN or federal tax identification number is 64-6221541. Contributions to the Project Gutenberg Literary Archive Foundation are tax deductible to the full extent permitted by U.S. federal laws and your state's laws.

The Foundation's business office is located at 41 Watchung Plaza #516, Montclair NJ 07042, USA, +1 (862) 621-9288. Email contact links and up to date contact information can be found at the Foundation's website and official page at www.gutenberg.org/contact

Section 4. Information about Donations to the Project Gutenberg Literary Archive Foundation

Project Gutenberg™ depends upon and cannot survive without widespread public support and donations to carry out its mission of increasing the number of public domain and licensed works that can be freely distributed in machine-readable form accessible by the widest array of equipment

including outdated equipment. Many small donations (\$1 to \$5,000) are particularly important to maintaining tax exempt status with the IRS.

The Foundation is committed to complying with the laws regulating charities and charitable donations in all 50 states of the United States. Compliance requirements are not uniform and it takes a considerable effort, much paperwork and many fees to meet and keep up with these requirements. We do not solicit donations in locations where we have not received written confirmation of compliance. To SEND DONATIONS or determine the status of compliance for any particular state visit www.gutenberg.org/donate.

While we cannot and do not solicit contributions from states where we have not met the solicitation requirements, we know of no prohibition against accepting unsolicited donations from donors in such states who approach us with offers to donate.

International donations are gratefully accepted, but we cannot make any statements concerning tax treatment of donations received from outside the United States. U.S. laws alone swamp our small staff.

Please check the Project Gutenberg web pages for current donation methods and addresses. Donations are accepted in a number of other ways including checks, online payments and credit card donations. To donate, please visit: www.gutenberg.org/donate.

Section 5. General Information About Project Gutenberg electronic works

Professor Michael S. Hart was the originator of the Project Gutenberg concept of a library of electronic works that could be freely shared with anyone. For forty years, he produced and distributed Project Gutenberg eBooks with only a loose network of volunteer support.

Project Gutenberg eBooks are often created from several printed editions, all of which are confirmed as not protected by copyright in the U.S. unless a

copyright notice is included. Thus, we do not necessarily keep eBooks in compliance with any particular paper edition.

Most people start at our website which has the main PG search facility:
